RESEARCH REPORT | Center for Election Integrity

NATIONAL REVIEW OF RETAINING ELECTION RECORDS FROM THE 2020 ELECTION

John R. Lott, Jr. & Steven M. Smith

TOPLINE POINTS

★ The Civil Rights Act of 1960 requires the retention and preservation of “all records and papers which come into his possession relating to any application, registration, payment of poll tax, or other act requisite to voting in such election.

★ This examination sought to obtain time-stamped voter record data from the top 100 most populated counties of the traditional 14 swing states. Only two states and six counties out of 100 counties had the actual voter files from the general election of 2020.

★ This critical record-keeping shortcoming reduces election integrity and restricts researchers from doing a proper analysis post-election and to identify registration and voting discrepancies.

★ With the advancement of technology and the emerging importance of cyber security, additional steps need to be taken to ensure that our elections are secure, accurate, and accessible. This includes protecting not only the right of each qualified elector to register and cast a ballot without fear of suppression or manipulation but also providing transparent access to records and results that can be used to verify outcomes.

★ Increasing transparency in election administration is critical to increasing confidence in the administration of our elections and aligns with every citizen’s desire to make it easy to vote but hard to cheat in America.

  TITLE III FEDERAL ELECTION RECORDS .................................................................. 45  
APPENDIX B: PUBLIC RECORD CORRESPONDENCE ....................................................... 47
INTRODUCTION

Who should evaluate the integrity of our Nation’s elections? Is it those in power, leaders of institutions, the media, or the people themselves? Federal law empowers any member of civil society to obtain public records from elections, holding our election officers to a high standard of transparency. But what happens when the data received is inaccurate? Taking advantage of existing legislation, the goal of this project was simple: to see if the number of people who voted in the November 3, 2020, general election equaled the number of ballots cast.

After the last presidential election, there were concerns that ballots may have been counted multiple times (so that there could be more ballots cast than voters who voted) or that ballots were destroyed (so that there could be more voters who voted than ballots cast). By investigating public voter data, the America First Policy Institute (AFPI) believed additional transparency was needed to determine what, if any, discrepancies between these two numbers existed, providing some clarity on the truthfulness of these particular accusations of fraud and malpractice.

To obtain records of voter data from the general election on November 3, 2020, AFPI asked county election officers for their official tabulations of total ballots cast in the election. Most counties have recorders or officials (i.e., County Clerk or Boards of Elections) that oversee the procedures and databases where voters who showed up to vote are recorded (with some different procedures for provisional ballots). If the county officials are not directly tallying the numbers, it is left to precincts and municipal officers. There are usually multiple tiers of data that are reported to the state’s election authority (i.e., Secretary of State) after an election.

The Civil Rights Act of 1960 requires the retention and preservation of “all records and papers which come into his possession relating to any application, registration, payment of poll tax, or other act requisite to voting in such election.” Section 301 states that “Any officer of election or custodian who willfully fails to comply with this section shall be fined not more than $1,000 or imprisoned not more than one year, or both.” Section 302 states that “Any person, whether or not an officer of election or custodian, who willfully steals, destroys, conceals, mutilates, or alters any record or paper required by section 301 to be retained and preserved shall be fined not more than $1,000 or imprisoned not more than one year, or both.”

After requesting data on both the state and county level from the top 100 most populated counties of the traditional 14 swing states, many officials only responded with current voter records (i.e., as composed at the time of the
request, not as of the last election) or a general voter roll to reflect when someone in their district moved or died. The findings of this report confirm that **virtually no one** (only 6% of county election officials and two Secretary of States of the states and counties reviewed) on the state or county level are correctly retaining the data they are required to preserve regarding voter rolls on the day of each election. As the Civil Rights Act of 1960 stipulates, ballots are part of the records and papers meant to be retained and preserved. In the vast majority of cases, data from the general election was not timestamped nor saved separately. While this may be with the best intentions by election officials to maintain updated voter rolls, it clearly goes against the aforementioned federal law, which mandates election data must be retained and preserved for 22 months after all federal elections. The Civil Rights Act is not outdated or arbitrary; it is a vital safeguard to prevent bad actors from covering up their tracks and to bring transparency to our system, thereby ensuring trust and confidence that everyone’s vote is accounted for in the vote totals.

Even in the six counties that did keep records, there was on average a 2.89% discrepancy between the number of people voting and the number of ballots cast. Below is the list of discrepancies found by county:

- Miami-Dade County, FL: 1.6% (12% of the precincts are missing)
- Orange County, FL: 3.82%
- Cobb County, GA: 8.8% (Secretary of State data 0.68%)
- Woodbury County, IA: 3.06%
- Buncombe County, NC: 0.14%
- Johnston County, NC: 0.07%

In the vast majority of cases, the information necessary to compare the number of ballots cast with the number of people who voted does not exist. In other cases, when that data is available, the numbers don’t match. That is not to say there was incompetence, voter fraud, or stolen elections. It is a question of transparency and accurate records.

Transparency is essential if we are to restore confidence, considering there are roughly 29% of Americans who did not believe the proper winner was declared in either the 2016 or 2020 general elections and that only 59% of Americans feel confident that their votes will be accurately counted. Having these federally (and in some cases state) mandated records retained and timestamped, preferably digitally, would significantly reduce doubt in our democratic process and immediately restore confidence. This should be easily achievable in the digital age, and Americans should expect this sort of retention to happen. It’s not only a civil rights issue but a transparency issue that has eroded confidence in our electoral system.
METHODOLOGY

Public record requests to county officials occurred over several months, beginning in March 2022. This examination sought to obtain time-stamped voter record data from the top 100 most populated counties of the 14 swing states: Arizona, Colorado, Florida, Georgia, Iowa, Michigan, Minnesota, North Carolina, New Hampshire, New Mexico, Nevada, Pennsylvania, Virginia, and Wisconsin.

Only six of these top county’s election officers responded with their county voter record data of voters who voted in the November 3, 2020, general election without disclaimers (meaning some claim that the data was not exactly retained). For these, we calculated the absolute difference between the total ballot count and the number of voters listed as voting in each precinct as a percentage of the total ballot count.

For subsequent analyses, three main datasets were used: the state dataset we received from the Secretary of State (SoS)/state’s election authority, the county datasets, and the canvasses. The state and county datasets gave us detailed voter data: the names, voter IDs, address, county, precinct, and vote history. This allowed us to calculate registered voters’ ballots cast (RVBC), which we analyzed on a precinct-level, trying to discern how many voters from the state/county data voted in the 2020 general election in each precinct. The canvasses gave us the official tabulations for the precincts from election night or the total ballots cast (TBC), as reported for election results. The analyses we conducted compared these three numbers: TBC (canvass), Secretary of State’s RVBC (state voter file), and county RVBC (county voter file).

FINDINGS

PRECINCT LEVEL DATA AND SECRETARY OF STATE DATA

The county examination grew out of the AFPI’s previous investigation conducted in October 2021, which sought public voter data for 18 states in the 2020 election. AFPI had attempted to obtain and analyze official tabulations on total ballots cast for candidates in the November 3, 2020, election (seven were won by Trump and 11 were won by Biden). The states were: Alaska, Connecticut, Colorado, Florida, Georgia, Idaho, Michigan, Montana, Minnesota, Nevada, New Jersey, New Mexico, North Carolina, Ohio, Pennsylvania, Texas, Virginia, and Wisconsin. Analysis of these records revealed significant discrepancies between the number of ballots cast and the number of people who voted. Thus, it was necessary to investigate further at the county level, where election data is initially recorded.
AFPI’s original efforts were centered around the Voter Reference Foundation’s (VRF) work to analyze the difference between total ballots cast in various states in the 2020 general election and the total number of voters who cast ballots in that election. Listed below are the discrepancies between the number of ballots cast and voters found from VRF’s data from Secretaries of State, which were obtained through public records requests. For the states marked with “precinct-level data,” this indicates the statistics AFPI obtained from our public records requests to the precinct level, which the VRF did not have at the time of this review.

There are some precincts where the total number of ballots cast is greater than the total number of people who actually voted, and other precincts where the total number of voters recorded as voting is greater than the number of votes. There could be one precinct with 100 more votes than voters and another in the same county with 100 more voters than votes. If they were lumped together at the county level, it would look like there were an equal number of voters and votes, but that would hide the problem. Thus, it appears the county-level data underestimates vote discrepancies.

The findings for Pennsylvania revealed that there were three precincts where the number of ballots cast in the November 2020 general election was more...
than double the number of voters recorded as voting. In those precincts, there was 1,985 more votes than voters recorded as voting.

**PROVISIONAL BALLOTS**

In Ohio, there was speculation over whether provisional ballots could explain the discrepancies. A provisional ballot is used to record a vote when questions about a given voter’s eligibility must be resolved before the vote can count. However, the number of provisional ballots in each precinct was consistently found to be much smaller than these discrepancies. The number of rejected provisional ballots, which would be most relevant to this discrepancy, is even more minute. By comparing the number of rejected provisional ballots to the discrepancies between votes cast and voters listed as voting to see if they were even correlated with each other, a comparison was made in two different ways:

1) The number in each category
2) The rate in each category as a percent of the total ballots cast

The second effectively adjusts for the size of the county, though both comparisons made it clear that rejected provisional ballots could not explain the discrepancy. As seen below, there is no relationship here.

![Graph showing the discrepancy between total ballots cast and registered voters listed as voting due to rejected provisional ballots counted as being cast](image)

In Ohio, the data revealing substantial vote discrepancies from the 2012 and 2016 general elections were also broken down at the precinct level.
In 2020, more votes than voters 38,643, more voters than votes 16,687, total 55,330
— In 2016, more votes than voters 23,464, more voters than votes 20,730, total 44,194
— In 2012, more votes than voters 24,725, more voters than votes 18,125, total 42,850

These findings show an 11,136 increase in the vote discrepancy between 2016 and 2020 (a 25% increase). In 2020, Hamilton County (vote discrepancy of 13,600), Franklin County (7,222), and Cuyahoga County (4,383), accounted for 25,205 of the total discrepancy in Ohio. Moreover, they account for 8,376 of the increase from 2016 to 2020 (75% of the total change in discrepancy).

Data from the Ohio Secretary of State's office was significantly inconsistent with the county-level data obtained from the public records requests. The findings by the county and precincts for Athens, Cuyahoga, and Williams counties are presented below:

— Athens County Data V. Ohio Secretary of State Data
  o For the county total, the Secretary of State’s data showed 37 more ballots cast than voters who voted (26,350–26,313); however, the data from Athens County showed no difference (26,350–26,350).
  o The Secretary of State’s data revealed a total discrepancy of 189 between ballots cast and voters who voted. However, the data obtained on the precinct level from Athens County showed a larger discrepancy of 322 between these same two values.

— Cuyahoga County Data V. Ohio Secretary of State Data
  o For the county total, the Secretary of State’s data showed 3,191 more ballots cast than voters who voted (631,199–628,008). But the data from Cuyahoga County showed an even larger difference of 19,020 (631,199–612,179).
  o Looking at the differences at the precinct level showed a similar pattern. The Secretary of State’s data showed a total discrepancy of 4,391. And the data obtained from Cuyahoga County showed a larger discrepancy of 19,258.

— Williams County Data V. Ohio Secretary of State Data
  o For the county total, the Secretary of State’s data showed 14 more ballots cast than voters who voted (18,963–18,949). But the data from Williams County showed a larger difference of 491 (18,963–18,472).
However, the differences at the precinct level showed virtually the same gap. The Secretary of State’s data showed a total discrepancy of 477. And the data obtained from Williams County showed an even larger discrepancy of 497.

Given that the data obtained from the county showed a much larger gap when looking at the county total, one would have expected that the discrepancy using the county-obtained data would have also been larger at the precinct level. But that was not the case.

If the observed precinct-level discrepancy in the data obtained from these three counties is representative of what existed in the rest of the state, the total discrepancy for Ohio would be about 230,000, over four times larger than the 55,330 that we obtained using the data from the Secretary of State.

Perplexed by these wild discrepancies, AFPI issued further public records requests to other counties in the states of Texas, Florida, and Ohio, which revealed that many country election officials had been updating and overwriting their voter files from the November 3, 2020, election as voters in their jurisdiction died or moved. In real-time, data was saved over, preventing an accurate comparison with the historical data. This was our first breakthrough and explained why the voter files do not match up because they represent data from different dates, with none of those dates representing the number of people who voted on November 3, 2020. Below is a message from Franklin County, Ohio, claiming their files are fluid or that they do not have a file for the November general election in 2020.
EXAMPLE: Public record request to Franklin County Board of Elections, Ohio.

Mr. Epsi,

My apologies, but we do not have a file that has the voter data frozen on that date. Our voter file is a fluid document that changes frequently. Please let me know if you have other questions.

Similarly, the Nevada Secretary of State’s Office claimed that the gap found from VRF’s review occurred because, “Since (Election Day), numerous voters have cancelled their registrations, passed away, or moved either out of state or to a different county and their record of having voted last November has already been deleted from state records (Nevada Secretary of State, August 2021).” This is a clear admission of not following or being aware of federal law.

As we received more responses from election officials who reported that they only had current data files, it became evident that this might be a systematic issue nationally. In response, AFPI launched a massive campaign of public record requests to county officials in March 2022. This examination sought to obtain time-stamped voter record data from the top 100 most populated counties of the 14 swing states: Arizona, Colorado, Florida, Georgia, Iowa, Michigan, Minnesota, North Carolina, New Hampshire, New Mexico, Nevada, Pennsylvania, Virginia, and Wisconsin. The goal was twofold, either get accurate time-stamped data on the county level to analyze or get written confirmation to expose that these traditionally important counties were not following the federal law and properly retaining the records from the 2020 general election.
COUNTY-LEVEL DATA

As mentioned above, only six of these top 100 county election officers responded with data of voters who voted in the November 3, 2020, general election without disclaimers (meaning some claim that the data was not exactly retained). Even in the six counties that did keep records, there was on average a 2.89% discrepancy between the number of people voting and the number of ballots cast. Except for Cobb County in Georgia, the data obtained from the county election bureaus showed a smaller discrepancy than that from the Secretary of State’s offices. Excluding Cobb County, the count discrepancy ranged from a low of just 0.07% in Johnston County, North Carolina to 3.82% in Orange County, Florida. Below is the list of discrepancies found by county:

- Miami-Dade County, FL: 1.6% (12% of the precincts are missing)
- Orange County, FL: 3.82%
- Cobb County, GA: 8.8% (Secretary of State data 0.68%)
- Woodbury County, IA: 3.06%
- Buncombe County, NC: 0.14%
- Johnston County, NC: 0.07%

For Miami-Dade, Florida, for just the available precincts, the discrepancy between the number of registered voters who voted and the number of ballots cast is 1.6%. This translates into a difference of 16,617 votes. To give perspective on the size of that gap, in 2018, Senator Rick Scott won Florida’s U.S. Senate seat by 10,033 votes. Nikki Fried became Florida’s Agriculture Commissioner by just 6,753 votes. It is more than half of Governor Ron DeSantis’ victory margin in the governor’s race of 32,463 votes.

Cobb County, Georgia, had an 8.8% discrepancy, amounting to 34,893 votes. That gap, in a county that President Joe Biden carried by 14 percentage points, was three times President Biden’s winning margin in Georgia in 2020. While the data for Buncombe and Johnston Counties in North Carolina only imply discrepancies of 290 and 101 votes, respectively, data from the State Secretary of State’s office raises the possibility that other counties that we were not able to obtain the data from had much larger discrepancies. Even if each of the 100 counties in North Carolina has a discrepancy of 200 votes, that implies a difference for the entire state of 20,000 votes.

In the vast majority of cases, the information necessary to compare the number of ballots cast with the number of people who voted does not exist. In other cases, when that data is available, the numbers don’t match. That is not to say there was incompetence, voter fraud, or stolen elections. It is a question of transparency and accurate records. If Americans cannot see if the number of ballots cast equals the number of voters, they are less likely to trust the election results and may be discouraged from voting in the future.
COUNTY ANALYSIS

Conducting a proper study requires accurate voter files from every level of government. Public records requests were made to the top 100 counties in the county that historically have determined presidential elections, asking for actual, retained data from the 2020 general election. At the county level, these requests were directed to the officer of elections or county. After contacting the country’s most populated counties in historical swing states, responses revealed widespread inconsistency with the laws regarding retaining election files. Going forward, notifying the legislatures, Secretaries of State’s, attorneys general, county election officials, and county attorneys will be crucial to fixing this issue and ensuring the enforcement of the Civil Rights Act of 1960. Restored trust and transparency in our election system would mark a turning point in our Nation’s history. The following section reports the detailed efforts to obtain the retained data from the 2020 election from the top 100 most populated counties of the 14 “swing states,” which traditionally determine a presidential election.

THE STATE OF ARIZONA

From our analysis of the top counties in Arizona, zero of six counties examined complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Our request for information for voter data in Arizona yielded three counties providing a disclaimer without data: Pima County, Pinal County, and Coconino County. Maricopa and Yavapai County Elections Offices stated they would provide us the data, but their counts would not contain any protected voters (meaning those voters registered without their addresses on file), meaning we could not match it with our numbers for analysis. Apache County redirected us to the County Recorder, where we are presently waiting, as of the date of this publication, for a response confirming that the voter data on file is retained from the November 2020 general election, not just current voters.

**Pima County: Disclaimer Stating Only Current Voters**

The initial request for information to Pima County occurred on March 8, 2022. We received email correspondence almost immediately on March 9, 2022, that the request would be reviewed. On April 12, 2022, the county responded to our request requesting a fee charge of $331.25 for the voter data with a disclaimer that their data would only represent their current voter list but did not have a voter file from the general election on November 3, 2020.
Pinal County: Disclaimer Stating Only Current Voters
On March 8, 2022, we emailed Pinal County a request for the list of voters who voted in the November 3, 2020, general election. We were sent a public records request form, which we signed and returned on April 8, 2022, asking for confirmation that our request would be fulfilled with an exact list of voters who voted in the 2020 general election. On April 27, 2022, we received a response from the Community Development Department stating that they were not the department that manages voter information. After following up by phone, it was determined that the lists on file would not contain protected voters. Pinal County requested a fee of $331.25 for the voter data with a disclaimer that their data would only represent their current voter list, not the “frozen in time” data from the November 3, 2020, general election.

Coconino County: Data of The Precincts Where Voters Are Registered But Not Where They Voted
On March 8, 2022, initial contact was made with Coconino County requesting the list of voters who voted in the November 3, 2020, general election. Later that same day, the Chief Deputy Recorder informed us that we could purchase a voter list with current voting information. Upon asking for data that would represent an exact list of voters who voted in the 2020 general election or an updated list, we were offered a list that was run immediately after the election on November 12, 2020. On April 20, they confirmed that this list costing $146.05, would include voters registered in Coconino County at the time the list was generated, as well as their precinct number. However, this data offered would not be consistent with our research objective, which was to obtain a report of the list of voters in each precinct that voted in the 2020 general election.

Maricopa County: Data of Election Participants, excluding Protected Voters
Initial contact with Maricopa County Recorder’s Office was made on March 8, 2022, and a response was received the following day with a public records form from the Custodian of Public Records. On March 14, the county followed up, and on April 5, the public records request was entered into the system. One day later, the County Recorder’s office offered two files of data for purchase, only one of which included voters that participated in the November 3, 2022, general election and both excluded protected voters. On April 7, we confirmed our request for the file and received an invoice on April 8 for $458.76. However, since their counts would not contain any protected voters, we could not match them with our numbers for analysis.
Yavapai County: Data of Election Participants, Excluding Protected Voters
On March 8, 2022, the initial public records request was made to the County Elections Office, followed by an immediate automated response confirming receipt. A day later, the public records request was sent, and on April 12, we were asked to call the County Recorder’s Office and were also informed that the fee for the data of election participants (excluding protected voters) was $230.73. Additionally, we filled out a Voter Registration Records Request Form and Affidavit of Intended Use. However, since their counts would not contain any protected voters, we could not match them with our numbers for analysis.

Apache County: No Response
On March 8, 2022, our initial request to Apache County Elections Office was forwarded to the County Recorder’s Office, which did not respond to our inquiry. We followed up with the first office by email on April 7 and were told our follow-up would be sent to the Recorder’s Office. No further details nor data have been obtained at the time of this publication.

THE STATE OF COLORADO
From our analysis of the top counties in Colorado, zero of five counties examined complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. We await a response from two county elections divisions: Arapahoe County and Denver County. They have yet to confirm that their data is retained from the November election, not just the current documented voters list. Adams County Clerk Elections Division provided us a disclaimer without data (they only have a list of current voters). Our search for data in El Paso County (the most populous in the state) led to a phone call with the Department of Elections, who eventually denied our request. Jefferson County confirmed that their data would not represent the historical 2020 voter list. On April 21, 2022, the Colorado Secretary of State’s office informed us of the $50.00 charge for data which would exclude canceled votes, which are not available on any public list. Charges for data ranged from $25.00-$50.00.

El Paso County: Disclaimer without Data
On March 8, 2022, we made our initial public records request to El Paso County Elections. One day later, we received a call stating that election reports would cost $25. We set out to ensure this data would be from the 2020 election rather than a current voter list. On March 14, 2022, we called the county’s Director of Elections to clarify options pertaining to data and which report would best suit our data. From the call, we learned that only the current voter list would be available to us, even though we had
previously been told that some reports would capture data right after the election was certified in 2020.

**Adams County: Disclaimer Stating Only Current Voters**
Our initial correspondence was made to the Adams County Clerk Elections Division on March 8, 2022. We were sent a request form the following day, with the disclaimer that the state voter registration database can only “report the voters as they exist at the time of the report extracted,” which would not reflect the votes cast in the November 3, 2020, general election. Charges were listed from $20.00-$100.00 or more, depending on the type of report requested. A follow-up request was made by our team on March 30, 2022, which has gone unanswered as of the time this analysis was published.

**Jefferson County: Data with Disclaimer**
Our initial correspondence was made to the Jefferson County Clerk Elections Division on March 8, 2022. Two days later, we were sent two links to access voter and voter history lists in zipped files, and we followed up on March 14, 2022, requesting confirmation that the data from the November 3, 2020, general election was retained in these files. After no response was given, we followed up again on April 26, 2022, and received a response on April 28, stating that the data would “not include any canceled, or deceased voters” and “only have active and inactive statuses not include deceased voters” in other words, they provided the current voter file.

**Arapahoe County: Waiting for Response**
On March 8, 2022, initial contact was made with the Arapahoe County Clerk Election Division requesting the list of voters who voted in the November 3, 2020, general election. Two days later, the response stated that certain public lists of registered voters were available online for download at no cost (not including ‘confidential’ or protected voters). After looking at the public lists they provided, we asked to clarify whether this data represented a list of exact voters who voted in the 2020 general election but received no response. A follow-up request was made by our team on April 20, 2022, which has gone unanswered as of the time this analysis was written.

**Denver County: Waiting for Response**
On March 8, 2022, initial contact was made with the Denver County Clerk Election Division requesting the list of voters who voted in the November 3, 2020, general election. Two days later, we received a response indicating that elections data could be requested via the website and also referenced
the City of Denver website, which stated that the charge would be $40.00. Upon asking for confirmation on whether this data represented a list of exact voters who voted in the 2020 general election rather than a current list, we received no response. A follow-up request was made by our team on April 26, 2022, which has gone unanswered as of the time this analysis was published.

THE STATE OF FLORIDA

From our analysis of the top counties in Florida, three of 10 counties examined complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election, though their data was incomplete. Miami-Dade County and Orange County were able to provide us with lists of people who voted on November 3, 2020, but upon inspecting the data, many precincts were missing, which did not comply with the Civil Rights Act of 1960. For instance, the data from Miami-Dade lacks 12% of the county’s precincts. Three counties, Duval, Hillsborough, and Polk Counties, provided us data of only current voter information. Lee County and Palm Beach County provided disclaimers that the data would be only for current voters. The status of our request to Broward County is still processing, and for Pinellas County, our request for confirmation on the data being not current is still pending. On May 9, 2022, the Florida Secretary of State’s office informed us that they mailed us a CD-ROM data containing the 2020 general election recap file. At the time of this publication, we are trying to locate this package for analysis.

Miami-Dade County: Incomplete Data

Our initial correspondence was made to the Miami-Dade Clerk Elections Division on March 8, 2022, which included the Public Record Request of voters who voted in the November 3, 2020, general election. In the response one day later, the Elections Department offered historical data for the 2020 general election via their Record Request via email, informing us of the $20 charge per report. The data was ordered on March 28, 2022, which contained an exact list of voters. Upon further examination of the data, we realized 12% of the precincts were missing, which translates to thousands of votes—a serious issue in trying to discover the discrepancies between voters who voted and ballots cast equal to 1.6% of the vote. After a call with a county elections representative on April 19, 2022, we offered to send files for review and shipped them on April 22, 2022. We sent repeated follow-up messages over email and through the phone but have received no response at the time this report was published.
**Orange County:** *Complete Data*

On March 8, 2022, initial contact was made with the Orange County Elections Office requesting the list of voters who voted in the November 3, 2020, general election. On April 7, 2022, the Orange County Supervisor of Elections requested a phone conversation, and on April 20, 2022, we provided them with contact information. On April 21, the County Records Management Coordinator informed us that the voter list was completed and accessible, which we received and processed. After analyzing the county election data, AFPI identified a discrepancy that was equal to 3.82% of the vote.

**Duval County:** *Disclaimer with Data*

Our initial correspondence was made to Duval County Elections on February 8, 2022, which included the public record request of voters who voted in the November 3, 2020, general election. On March 21, a link to a data file was provided, with voter data excluding deceased voters and voters who moved out of Duval County and protected voters. Ultimately, we could not match it with our numbers for analysis.

**Hillsborough County:** *Disclaimer with Data*

On February 8, 2022, initial contact was made to Hillsborough County containing a public records request for all registered voters who voted in the November 3, 2020, general election. On February 17, we received a link to the county’s standard data reports to download files that included multiple categories of data: eligible voters (including inactive voters), all active voters, all Republican voters, all Democrat voters, all NPA/Minor Party voters, Prior Month New Voters. On March 11, 2022, the county clarified that their available data would not include a report of eligible voters and active voters but not a record of the voters from the November 3 general election. We would not be able to match this with our current numbers for analysis.

**Polk County:** *Disclaimer with Data*

On February 8, 2022, we emailed Polk County and received a response three days later with a link to data files. On March 1, 2022, we emailed the Elections Office to confirm that the data represents an exact list of voters from the 2020 general election or an updated list based on voters who had moved, passed away, or otherwise had their data changed. On March 2, we received confirmation that the data was current as of the date the list was generated (February 10, 2022), meaning it would not include information specific to November 3, 2020.
Lee County: Disclaimer without Data
On March 8, 2022, we reached out to Lee County Elections with a public records request and received a response confirming reception later that day. On April 13, 2022, the Supervisor of Elections confirmed that they could provide a file with voter history for the 2020 general election, originating from a live list that would not reflect voters that have been removed from the database since the election. They requested payment of $10.00 by check before emailing the list. Because this list would not reflect November 3, 2020, data, we would not be able to match this with our current numbers for analysis.

Palm Beach County: Disclaimer without Data
The initial contact with Palm Beach County Elections was made on March 8, 2022, requesting their list of voters who voted in the November 3, 2020, general election. One day later, we received a response that the data request form had been completed and would be processed upon completion of a $20.00 data processing fee invoice. The email response also confirmed that the system is live and that data would only contain active and inactive voters, excluding those that moved, passed away, or are no longer eligible registered voters. Data was not ordered because this list would not reflect November 3, 2020, data and would not match with our current numbers for analysis.

Broward County: Processing
On March 8, 2022, we reached out to Broward County Elections with a public records request asking for a list of voters who voted in the November 3, 2020, general election. We received a response on March 10, 2022, informing us of the required charges and fees. One day later, we requested confirmation that the data represents an exact list of voters who voted in the 2020 general election. After hearing no response and following up with this request on March 22, 2022, we received an email reply on March 29, 2022, stating that the data would reflect a snapshot (as in the time-stamped records) of the 2020 general election period. There has been no communication regarding the status of the request at the time this analysis was published.

Pinellas County: Waiting for Response
Initial contact was made with Pinellas County on March 8, 2022, for a public records request, and on March 10, we were given access to a folder entitled Pinellas County Active Voter Data. On April 7, 2022, a request was sent to confirm the data represents an exact list of voters who voted in the 2020 general election, to which there has been no response at the time this analysis was published.
THE STATE OF GEORGIA

From our analysis of the top counties in Georgia, two of seven counties examined complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Cobb County provided us with an exact list of votes in a timely manner with no charge. Gwinnett County, with the second largest population in the state, denied the request, and we are waiting on a response from Clayton County and DeKalb County. Both Chatham County and Cherokee County redirected us to the Secretary of State’s office, and Fulton County redirected us to a portal. Charges ranged from $52.64 to $65.00. The Georgia Secretary of State’s office provided us with a link to access voter history files, but the page that populates states that the list is “to ensure active electors” and that “specific election requests” should go to counties or municipalities. This Secretary of State dataset was not analyzed as our goals were to get exact voter lists or try to get in writing that they did not have the data being requested.

Cobb County: Completed Request
On April 19, 2022, we reached out to Cobb County Elections with a Public Records Request asking for a list of voters who voted in the November 3, 2020, general election. One day later, we received a response containing a link with election day data and another link with searchable absentee files. On April 26, we received confirmation that the data emailed to us is reflective of all voters who voted in the November 3, 2020 election, including the precinct where they voted on election day. After analyzing the county election data, AFPI identified a discrepancy that was equal to 8.8% of the vote.

Clayton County: Completed Request
On March 8, 2022, initial contact was made with the Clayton County Elections Office. On April 5, 2022, an email from Clayton County Public Records Center informed us that our request was received and that it would be forwarded to the relevant department to determine the volume and costs of fulfilling it. An estimated cost of $52.64 was sent, covering staff time and printing expenses, informing us that the records requested were only available in 492 pages of print. However, analysis was not conducted as there was no response to our request for data in .xlsx, .csv, or .txt format.

Gwinnett County: Denied
Initial contact was made with Gwinnett County on March 8, 2022, for a public records request, and a response was received on March 14, 2022
containing a link to the Open Records Center. On April 9, 2022, we asked for confirmation on whether the data included lists of people who voted in the November 3, 2020 election or if it had been updated since then. The Director of Community Services responded via email the following day, “no, we cannot answer that question.”

**Chatham County:** Redirect
Initial contact was made with Chatham County on March 8, 2022, for a public records request, and after hearing no response, a follow-up was sent on March 30, 2022. On April 7, 2022, we received a response from a paralegal at the Chatham County Attorney’s Office redirecting us to Georgia’s Secretary of State’s office to order or request the documents with voter information.

**Cherokee County:** Redirect
On March 8, 2022, initial contact was made with Cherokee County in the form of a public record request for the list of voters who voted in the November 3, 2020, general election. On March 14, 2022, a representative from the Elections and Voter Registration Office sent us a link to the Secretary of State’s office to obtain the files we requested.

**Fulton County:** Redirect
On March 8, 2022, we reached out to Fulton County Elections with a public records request. We received a response that same day forwarding our request to the Office of the Fulton County Attorney. An Open Records Request was generated on March 11, 2022, and on March 14, 2022, we received notification that the records request was being processed. On March 24, 2022, the Office of the County Attorney informed us they had not received a response to the request, extending it to April 1, 2022. On April 8, 2022, we were sent a link to records informing us that there were no charges.

**DeKalb County:** Waiting for Response
Initial contact was made with DeKalb County on March 8, 2022, for a public records request. The Assistant County Attorney responded on March 11, 2022, with a cost estimate of $65.00 for the data requested. On March 14, 2022, we emailed asking for confirmation that the data provided would represent an exact list of voters who voted in the 2020 general election, not an updated or current list. There has been no response at the time this analysis was published.
THE STATE OF IOWA

From our analysis of the top counties in Iowa, one of seven counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Woodbury County, the sixth largest in the state by population, was the only county to provide us with complete retained voter data. Dallas County provided data representing the current voter list, and Black Hawk County, Johnson County, Linn County, and Scott County informed us that they only retained the current voter list. Polk County, the largest in the state by population, sent an invoice for $135.00 to obtain a file with an exact list of voters. Additionally, we requested the voter list from Iowa’s Secretary of State’s office and were told to fill out a voter list request form and informed there would be a fee.

Woodbury County: Complete
On March 8, 2022, initial contact was made with the Woodbury County Elections Office requesting the list of voters who voted in the November 3, 2020, general election. We received a response on March 31, 2022, asking for clarification on the data requested, to which we responded on April 5, 2022. One day later, a request form was sent to us to begin the data collection process (with the $5.00 fee waived by the Deputy Auditor). On April 6, we asked for clarification that the data provided would represent an exact list of voters who voted in the 2020 general election. Later that day, the county confirmed that it would be. On April 20, 2022, we were sent the complete voter list. After analyzing the county election data, AFPI identified a discrepancy that was equal to 3.06% of the vote.

Polk County: Processing
On March 8, 2022, initial contact was made with Polk County requesting the list of voters who voted in the November 3, 2020, general election. On April 20, 2022, we received an invoice from the Polk County Public Records Center for $135.00 for the “initial copy fee ... for locating, compiling, researching data, and reproducing public information up to 40,000 records.” We received confirmation that the list was an exact list of voters, but data was not bought due to a lockout. During confirmation requests on the county portal, we became locked out of the online portal and were ultimately not able to buy the data.

Dallas County: Disclaimer with Data
On March 8, 2022, initial contact was made with the Dallas County Elections Office. On April 7, 2022, we received a response informing us of the $10 processing fee and necessary order form to fill out for the records request. We asked for confirmation that the data would represent an
exact list of voters who voted in the 2020 general election. Later that day, the County Elections Administrator responded that the data would show voters from the 2020 election, but with current updated data, that meant we would not be able to use it to match our records.

**Black Hawk County: Disclaimer without Data**
Initial contact was made with Black Hawk County on March 8, 2022, for a public records request. On April 19, 2022, an additional request was made, which was responded to on April 20, 2022, asking for clarification on the records needed. The county Elections Office informed us that data would be updated and that they did not have “the ability to reference historical data.” Charges were quoted at $33.00 or $63.64, depending on which kind of data was selected.

**Johnson County: Disclaimer without Data**
On April 5, 2022, initial contact was made with the Johnson County Elections Office requesting the list of voters who voted in the November 3, 2020, General election. The county Elections Technician responded on April 7, 2022, sending us a Voter Registration Record Request Form and informing us of the $41.63 or $38.81 payments for the data, depending on which list of records was selected. They confirmed that the data provided would be updated, not reflecting those that had moved or registered elsewhere since the 2020 general election.

**Linn County: Disclaimer without Data**
On March 8, 2022, initial contact was made with Linn County requesting the list of voters who voted in the November 3, 2020, general election. Later that day, the Deputy Commissioner of Elections informed us they would work on compiling the report, advising us also to request the data from the Secretary of State’s office. On March 9, 2022, the Election Systems Administrator informed us that they had a voter list from May 26, 2021, for $64.00. They stated that the list is a “snapshot of the data” rather than an exact list since “voters move, pass away or change their information.”

**Scott County: Disclaimer without Data**
Initial contact was made with Scott County on March 8, 2022, requesting the list of voters who voted in the November 3, 2020, general election. On March 31, 2022, the county Auditor’s Office responded with a request form to fill out, and we noticed that fees started at $10.00 with no possibility for waivers. On April 5, 2022, we asked for confirmation that the data would represent an exact list of voters who voted in the 2020 general election. Three days later, the Auditor informed us that “The Iowa voter data system
does not provide a snapshot of historical data” and that the only data they could provide would reflect the current list of registered voters.

THE STATE OF MICHIGAN

From our analysis of the top counties in Michigan, zero of 11 counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Wayne County denied the request, advising more intensive legal action instead. Six counties—Ingham County, Kalamazoo County, Oakland County, Ottawa County, Washtenaw County, and Kent County—provided data with disclaimers that the data on file would not represent an exact list of voters who voted in the 2020 general election. Macomb County provided data with the same disclaimer. Both Genesee County and Saginaw County redirected us to different local offices. At the time this report was written, we are waiting on a response from Livingston County confirming the nature of the data offered. We are additionally waiting on a response from the Secretary of State’s office to provide data that we can verify with county results.

Wayne County: Denied
Initial contact was made with Scott County on March 8, 2022, through a public record request for the list of voters who voted in the November 3, 2020, general election. On April 11, 2022, the County Clerk sent a response stating that the request was denied due to incomplete contact information and specificity of information required. Two courses of action were suggested: appealing to the County Executive and involving the circuit court to compel disclosure.

Ingham County: Disclaimer with Data
On March 8, 2022, initial contact was made with Ingham County requesting the list of voters who voted in the November 3, 2020, general election. We received an automatic reply that day and another reply from the County Clerk on March 11, 2022, which contained a voter list that did not match the voters from election day because it updates in real time.

Kalamazoo County: Disclaimer with Data
Initial contact was made with Kalamazoo County on March 8, 2022. The Elections Coordinator responded the following day with a voter list that did not reflect data from the 2020 general election but rather current voters. The email stated that historical data did not exist. We were also sent another email on March 10 with instructions on how to submit an official public records request through the county website.
Oakland County: Disclaimer with Data
Initial contact was made with the Oakland County Clerk’s Office on March 8, 2022, in the form of a public records request. On March 11, 2022, the county Elections Division responded with attached files of voters by county, with the disclaimer that “they did not include voters who voted in the November 3, 2020, general election that have moved or passed away.”

Ottawa County: Disclaimer with Data
On March 8, 2022, initial contact was made with the Ottawa County Clerk. The same day, the Elections Coordinator responded by advising a request through the County’s Public Record Center. This request was submitted on April 5, 2022, and responded to on April 12, 2022, with a link to a Dropbox file containing data of an updated list of voters “who may have moved, passed away, or had their data changed for any other reason.”

Washtenaw County: Disclaimer with Data
On March 8, 2022, we reached out to the County of Washtenaw Elections with a public records request. The following day, a file was sent containing a list of voters “who may have moved, passed away, or had their data changed for any other reason since the November 3, 2020, general election.”

Kent County: Disclaimer with Data
On March 8, 2022, initial contact was made with Kent County requesting a list of all voters who voted in the November 3, 2020, general election. A follow-up email was sent with the same request on March 30, 2022. On April 7, we filed an official Michigan public records request to the County of Kent Public Record Coordinator. On April 11, 2022, the Elections Director sent an email response with files attached. We received a response on April 19, 2022, containing files of data, and after a follow-up to confirm if the data was an exact list of voters from the November 3, 2020, general election, we were sent an email on April 20 stating that the data was a list of current residents and voters of the county. This email from the Chief Deputy Clerk/Register also stated, “we lack the ability within our Qualified Voter File to run a complete report at the county level of every voter in any given election.”

Macomb County: Disclaimer without Data
Initial contact was made with Macomb County on March 8, 2022. The following day, the Election Department responded with a form to request data for a charge of $10. We were informed that the database is live and all records would be current.
Genesee County: Redirect
Initial contact was made with Genesee County on March 8, 2022, in the form of a public records request. The response on March 11, 2022, advised that we contact each local clerk in Genesee County, who would be able to provide Qualified Voter File historical data. Due to time restraints, we were unable to reach out to each individual local clerk.

Saginaw County: Redirect
On March 8, 2022, initial contact was made with the County of Saginaw Elections requesting the list of voters who voted in the November 3, 2020, general election. Another request was made on March 30, 2022. The following day, we received a message from the County Board Assistant that the request was passed to the Clerk’s Office. On April 5, 2022, we sent a message to the county with the same request for the same data. On April 6, 2022, the response to the public record request was sent, informing us that the request was denied pursuant to the MCL 15.233(1). The public record request was resubmitted on April 26, 2022, but no response has been received at the time of this publication.

Livingston County: Waiting for Response
Initial contact was made with Livingston County on March 8, 2022. Another request was sent on April 7, 2022, requesting the list of voters who voted in the November 3, 2022, general election. The county requested clarification on the request made through their portal. We responded to their request for clarification and are still waiting on a response at the date of this publication.

THE STATE OF MINNESOTA
From our analysis of the top counties in Minnesota, zero of eight counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Olmsted County denied the request. Hennepin and Ramsey Counties did not respond after multiple follow-up emails and phone calls. Anoka County, Stearns County, Washington County, Dakota County, and St. Louis County redirected our requests to the Secretary of State’s office. These repeated requests were accompanied by confirmation that obtaining such data would only be allowed to residents of Minnesota for a fee. We were also informed that residency is required when attempting to get this data from the Minnesota Secretary of State’s office. For the sake of time regarding this examination, we concluded our efforts with the state of Minnesota.
Olmsted County: Denied
On March 8, 2022, initial contact was made with Olmsted County requesting the list of voters who voted in the November 3, 2020, general election. A response was sent on March 10, 2022, stating that the State of Minnesota is exempt from the “Requirements of the National Voter Registration Act of 1993 pursuant to 52 U.S.C. § 20503(b)(2).” On April 7, 2022, we sent a follow-up email to the county to clarify the request and ask if historical data was available. The county’s Senior Attorney responded on April 11, 2022, restating that the State was exempt from the National Voter Registration Act regarding public inspection of documents pursuant to 52 U.S.C. § 20503(b)(2)” and stated that “Minnesota Statutes Section 201.091 prohibits access to this information to anyone who is not a registered voter in the State of Minnesota.”

Hennepin County: No Response
On March 8, 2022, initial contact was made with the County of Hennepin Elections requesting the list of voters who voted in the November 3, 2020, general election. On March 30, 2022, the same request was made as a follow-up to the unanswered first request email. On April 19, the same request was sent to a different email within the county, with an automated response that delivery failed.

Ramsey County: No Response
Initial contact was made with Ramsey County on March 8, 2022, with no response received. A follow-up request was made on April 19, 2022, with the same information and, has not been answered as of the time of this report.

Anoka County: Redirect
Initial contact was made with Anoka County on March 8, 2022, requesting the list of voters who voted in the November 3, 2020, general election. We sent a follow-up request on March 30, 2022, and received a response one day later informing us that voter history and registration information is only available to residents of Minnesota and that it would only be a current list. We were redirected to the Secretary of State’s office to request a report for $46 which would only include public voter information.

Stearns County: Redirect
Initial contact was made with Stearns County on March 8, 2022, in the form of a public records request for the voters who voted in the November 3, 2020, general election. We sent a follow-up request on March 30, 2022, and on April 5, 2022, were redirected to the Secretary of State’s office with a link to a list of registered voters made up of current, updated information.
**Washington County:** Redirect
On March 8, 2022, initial contact was made with the County of Hennepin Elections requesting the list of voters who voted in the November 3, 2020, general election. The following day, the Elections Coordinator responded with a link to contact the Minnesota Secretary of State’s office.

**Dakota County:** Redirect
Initial contact was made with Dakota county on March 8, 2022, in the form of a public records request for the voters who voted in the November 3, 2020, general election. We received a response on March 10, 2022, stating that the information would only be “available to Minnesota registered voters, and for the purposes of elections, political purposes or law enforcement” and that a $46 fee would apply. On March 14, 2022, we asked for clarification on the type of list available and received a response one day later, which confirmed the data would likely reflect changes since the last election but did not state the residency requirement.

**St. Louis County:** Redirect
On March 8, 2022, initial contact was made with St. Louis County, requesting a list of voters who voted in the November 3, 2020, general election. A response dated March 10, 2022, informed us that obtaining a registered voter list should be done through the Secretary of State’s office by a legal resident of the state.

**THE STATE OF NORTH CAROLINA:** The Secretary of State’s office Does Comply with Federal Law

From our analysis of the top counties in North Carolina, two of 12 counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Buncombe and Johnston counties sent us an exact list of voters in a timely manner with confirmation that they represented historical data. Cabarrus County did not respond to our request, and the Guilford County request is processing. Seven counties redirected the requests to other sources, such as state data, the North Carolina Board of Elections, and a separate public record portal. We are still waiting on a response from Cumberland County, which has yet to confirm if their available data would be current or historical from the November 3, 2020, general election. Our request to the North Carolina Secretary of State Office yielded a statewide voter registration file that omits data only from 10 years prior, meaning that it included accurate voter counts from the November 3, 2020, general election.
From our examination, North Carolina is one of only two states (along with New Hampshire and potentially Florida) that has provided a completed request compliant with federal law on the state level. Because the Secretary of State completed the request and is acting as the custodian of these records for the state, the rest of the counties are, by default, compliant with the public records request, and the following experiences detailed are representative of the county response to the requests sent out.

**Buncombe County: Complete**
Initial contact was made with Buncombe County on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. The following day, a Communications and Public Engagement official of the county sent lists to spreadsheets of publicly available data on the County’s Open Data Portal. The email response and the links confirmed that the data contained an exact list of voters who voted in the 2020 election. After analyzing the county election data, AFPI identified a discrepancy that was equal to 0.14% of the vote.

**Johnston County: Complete**
On March 8, 2022, initial contact was made with the Johnston County Clerk in the form of a public records request for the voters who voted in the November 3, 2020, general election. We received a response on March 10, 2022, with a spreadsheet and asked to clarify by email if it was an exact list of voters who voted. After following up once on April 7, we received confirmation the same day that the spreadsheet was “an exact list” of voters who voted in the general election. After analyzing the county election data, AFPI identified a discrepancy that was equal to 0.07% of the vote.

**Cabarrus County: No Response**
Initial contact was made with Cabarrus County on March 8, 2022, in the form of a public records request for the voters who voted in the November 3, 2020, general election. After hearing no response, a follow-up was conducted on March 30, 2022. A third public records request was made on April 19, 2022, to a different email address in the county elections department. At the time of this report, the request has not been answered.

**Guilford County: Processing**
Initial contact was made with Guilford County on March 8, 2022, in the form of a public records request for the voters who voted in the November 3, 2020, general election. A follow-up email was sent on March 30, 2022, and we received a response the following day, advising that the request had been received and that the county was “working to determine if there
are any responsive documents.” At the time of this report, the request has not been fulfilled.

**New Hanover County:** Redirect
On March 8, 2022, a public records request was made to the County of New Hanover Elections for a list of voters who voted in the November 3, 2020, general election. The April 20, 2022, response provided us with a link to Statewide Voter History and a Statewide Voter Registration File, telling us to contact the North Carolina State Board of Elections with further questions.

**Durham County:** Redirect
Initial contact was made with Durham County on March 8, 2022, but the email was marked as undeliverable. On April 5, 2022, we sent another request and received a notification six days later that our request had been fulfilled, directing us to the State Board of Elections Voter Lookup tool and stating that there was no charge.

**Forsyth County:** Redirect
On March 8, 2022, a public records request was made to the Forsyth County Clerk for a list of voters who voted in the November 3, 2020, general election. There was a follow-up on April 19, 2022. The response the following day advised us to contact the North Carolina State Board of Elections.

**Gaston County:** Redirect
Initial contact was made with Gaston County on March 8, 2022, with a response received a day later containing a link to the North Carolina State Board of Elections website of voter data. The state website clearly differentiates current from historical voter data, with files dating back to 2000.

**Mecklenburg County:** Redirect
On March 8, 2022, initial contact was made with the Mecklenburg County Clerk in the form of a public records request for the voters who voted in the November 3, 2020, general election. The same day, we received a response with the link to a zip file of the county voter data, to which we responded to confirm whether it was current or historical data. On March 20, 2022, the county confirmed that historical data could only be found on the state site.
Union County: Redirect
On March 8, 2022, initial contact was made with the Union County Clerk in the form of a public records request for the voters who voted in the November 3, 2020, general election. A follow-up email was sent on March 30, 2022, with an identical request. The response advised us to contact the North Carolina State Board of Elections.

Wake County: Redirect
Initial contact was made with Wake County on March 8, 2022. We received a response on March 30, 2022, informing us that a member of their staff would assign the request to a team member for assistance. On March 31, 2022, we received notification that the public records request was opened, under review, and closed. The stated closure reason was that the records requested were available to the public on the North Carolina State Website. Two specific data sources were linked: a statewide voter history file and a statewide voter registration file.

Cumberland County: Waiting for Response
On March 8, 2022, an initial request was made to Cumberland County for the list of voters who voted in the November 3, 2020, general election. On March 9, 2022, a drop box file was shared, but the data was clarified to be a copy of the North Carolina State Voter Database, which would not have helped with our intended analysis.

THE STATE OF NEW HAMPSHIRE: Secretary of State’s office Does Comply with Federal Law
From our analysis of the top counties in New Hampshire, zero of four counties complied with the Civil Rights Act of 1960 and retained the voter data from the November 3, 2020, general election. The County of Strafford denied our request, instead advising us to contact the Secretary of State or the cities and towns responsible for retaining data. We did not receive a response from the County of Merrimack. Rockingham and Hillsborough County redirected us to contact smaller municipalities in the state for relevant information.

After our extensive outreach on the local level and initial requests to the Secretary of State’s office, we had an in-person meeting with New Hampshire Secretary of State David Scanlan and Deputy Secretary Erin Hennessey on June 30, 2022. Secretary Scanlan reviewed our findings and public records requests, walked us through the state election procedures, and was incredibly transparent regarding the process that each municipality takes to secure the chain of custody. He was cooperative with our requests, sharing their voter files from election day in hard copy form. New Hampshire’s collection procedures are
dated and time intensive, requiring about a month to review hard copies that make their way into the State Archives in Concord. Though the data is not easily accessible for researchers to review quickly (we were told the electronic files were too large to send over email), New Hampshire, from our understanding, does, in fact, comply with the Civil Rights Act of 1960, but if we wanted to review the data, they could only supply PDF’s and not digital versions.

**Strafford County: Denied**
Initial contact was made with the County of Strafford on March 8, 2022, in the form of a public records request for the voters who voted in the November 3, 2020, general election. A follow-up was conducted on March 30, 2022, with a response received the following day by the Town Clerk. We were informed that the inquiry would be shared with the Secretary of State. On April 11, 2022, the County Commissioners Office sent a response advising us to either contact the Secretary of State or the cities and towns responsible for retaining data.

**Merrimack County: No Response**
On March 8, 2022, an initial request was made to Merrimack County for the list of voters who voted in the November 3, 2020, general election. Another request was filed on April 5, 2022, and a response had not been received at the time of this report.

**Rockingham County: Redirect**
Initial contact was made with Rockingham County on March 8, 2022. On April 7, 2022, another request was made containing the same information. After speaking with Rockingham County representatives by phone, we were advised to contact every city or town in the county for the list of voters.

**Hillsborough County: Redirect**
On March 8, 2022, initial contact was made with Hillsborough County Elections. A follow-up message was sent on March 30, 2022. Ultimately, we were advised to submit a form to the county for the requested data. Due to time restraints, we decided to meet with the Secretary of State and were able to receive the data from the state.
THE STATE OF NEW MEXICO

From our analysis of the top counties in New Mexico, zero of four counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Bernalillo County and Santa Fe County answered our requests with disclaimers that their data only represented current voters. Dona Ana County redirected us to a different form with the state, and Sandoval County advised us to contact the Secretary of State’s office.

Bernalillo County: Disclaimer without Data
Initial contact was made with Bernalillo County on March 8, 2022, for the list of voters who voted in the November 3, 2020, general election. Later that day, we were informed that the Bureau of Elections had received our inquiry. After hearing no response for over one month, we sent a follow-up email on April 20, 2022. Later that day, the county sent us a form to complete to make an official request for voter data. The email also stated that the “Bernalillo County Clerk’s office charges $4 per 1000 (one thousand) records.” and “that there are nearly 450,000 registered voters within the county.” However, the data available was confirmed to be “live and not historical.”

Santa Fe County: Disclaimer without Data
Initial contact was made with Santa Fe County on March 8, 2022, but the email was marked as undeliverable. On April 5, 2022, we sent another request and received a response the following day, containing a request form and stating that “Voter Registration information is subject to the Election Code not public record in New Mexico.” On April 7, 2022, we asked to clarify whether the voter data available was live or historical, and the response confirmed it was current.

Dona Ana County: Redirect
On March 8, 2022, initial contact was made with Dona Ana County Elections. After sending a follow-up, the county responded on April 11, 2022, with a Public Service Request form, notifying us that charges of $25 would apply for data processing and $3 for credit card usage. On April 14, 2022, we asked for confirmation that the data was historical, not current, and five days later, we received a response telling us to fill out an updated form before they could determine if the requested data was available. The updated form was a Voter Data Request Form from the State of New Mexico, not the county. The minimum charge stated on the form was $15.
Sandoval County: Redirect
Initial contact was made with Sandoval County on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. After hearing nothing, a follow-up request was sent on March 30, 2022. The county attorney responded on April 4, 2022, informing us that the data would be in the Secretary of State Database, not held by the county. Our public records request was forwarded to the state. On April 7, 2022, we reached out asking for any updates on the request, which remained unanswered at the time of this report.

THE STATE OF NEVADA
From our analysis of the top counties in Nevada, zero of two counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Both Clark County and Washoe County informed us that the data available was current rather than an exact list of voters who voted in the 2020 general election. After requesting the data from the Nevada Secretary of State’s office, we were sent a link on June 6, 2022, to a file of the data requested, with notice that participants in the Confidential Address Program have been removed, which would make the data insufficient for our analysis.

Clark County: Disclaimer without Data
Initial contact with Clark County Elections was made on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. The request was forwarded that day to other county officials. An election department administrator responded, stating that the data might take a while to compile and that the voter registration would “have changed from the 2020 election and updates/removals of records may have occurred between November of 2020 to present.” They also informed us of a $.01 fee per record not to exceed $130.00 unless the request needed additional information processed.

Washoe County: Disclaimer without Data
On March 8, 2022, initial contact was made with Washoe County Elections requesting a list of voters who voted in the November 3, 2020, general election. That same day, we received a response informing us that the request would be seen by the Registrar of Voters. On March 14, 2022, the Assistant Registrar of Voters informed us charges for this data were $3,403.01 (0.01 per name). On March 15, 2022, we asked for clarification that the data provided would represent an exact list of voters who voted in the 2020 general election. It was confirmed to be a list of voters at a certain point in time “that may or may not have vote credit for the 2020 general election. The confirmation email also stated, “As we get further away from
a specific point in time the data does change. This list only represents individual voters that received vote credit.”

THE COMMONWEALTH OF PENNSYLVANIA

From our analysis of the top counties in Pennsylvania, one of eight counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. After directing our request to the Pennsylvania Secretary of State’s office, we were informed that the Pennsylvania full voter export site contained historical data from specific points in time of each year. In certain cases, we were told that only residents could obtain voter data, and the Pennsylvania state portal requested the submission of ID numbers. We received a denial from both Allegheny County, Lancaster County, and York County, requiring requests to be made by local registered voters. Bucks County and Chester County confirmed that their data only included current voters, and Montgomery County has not responded to multiple requests for data, including follow-ups. Philadelphia County redirected us to a state form for requesting data, and no response has yet been received from Delaware County.

Allegheny County: Denied

Initial contact was made with Allegheny County on March 8, 2022. On March 17, 2022, the Director of the county Open Records Officer responded, informing us that election records” are public information access to which is governed by the Pennsylvania Election Code,” rather than RKTL. A form titled “Affirmation Pursuant to Request for Election Information,” was attached to help us obtain records. However, successful completion of this form required PA identification (driver’s license, photo card, employee card, non-photo ID).

York County: Denied

On March 8, 2022, initial contact was made with York County, requesting a list of voters who voted in the November 3, 2020, general election. We received a response on March 15, 2022, from the York County Board of Commissioners, denying the request under state law. The letter detailed that “Elections and Voter Registration Department are not generally accessible under the RTKL, as those documents are governed by the Election Code.” Data governed by the election code is only available to local registered voters. Additionally, the county received our separate Right to Know Request on May 27, 2022. On June 6, 2022, we received a denial from the county solicitor’s office stating that the county would not be legally obligated to reply to duplicate requests.
Lancaster County: Denied
Initial contact was made with the Lancaster County Court of Common Pleas on March 8, 2022. Two days later, we received a response denying the request “because the information/records requested are not financial records and/or are not in possession of the courts as defined by Pa.R.J.A. 509(a).” A right-to-know request was also made to Lancaster County, and we received a response on May 5, 2022. This request was also denied in accordance with RTKL, stating that “the record is exempt from disclosure under any other Federal or State law, regulation or judicial order.” According to the county, the data could only be obtained by a local resident and would only be available in a non-electronic format.

Bucks County: Disclaimer without Data
Initial contact was made with Bucks County on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. We received a response on March 10, 2022, from the county Voter Registration Office Supervisor providing us with a link to request data, in addition to a suggestion to contact the Secretary of State’s office. The response also stated that requestors must be registered Pennsylvania voters and that charges would range from $20.00-$23.50. Additionally, the email clarified that all exported data included voter history for current voters.

Chester County: Disclaimer without Data
On March 8, 2022, initial contact was made with Chester County, requesting a list of voters who voted in the November 3, 2020, general election. That same day, the Elections Technology VMB Supervisor responded by email with a link to a request for public information and a requirement of photo ID. The response also stated that “The voter list will be of currently registered voters in Chester County, not a snapshot of the voter registration rolls as of the date of the 2020 general election.”

Montgomery County: Processing
On March 8, 2022, initial contact was made with the Montgomery County Clerk, requesting a list of voters who voted in the November 3, 2020, general election. After receiving no response, a follow-up email was sent on March 30, 2022, containing the same request. On April 19, 2022, the same request was sent to the Voter Services office within the county, which is a different email address. On May 27, 2022, another request was made through the county’s online Open Records request form. A response was received on June 3, 2022, from the county Right to Know Administrator, stating that they needed more time to respond to the request. This included a signed letter from the County Solicitor stating that
the county's right to up to 30 days response time would apply to this request.

**Philadelphia County: Redirect**

Initial contact was made with Philadelphia County on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. On March 16, 2022, the Philadelphia City Solicitor responded, stating that because our request “was not submitted on or with the standard statewide form, the City does not consider your request to be a Right-to-Know Request pursuant to the RTKL and will process it as an informal request.” However, the response contained a link to submit an RTK request through the standard statewide Right-to-Know Form. On March 31, 2022, the City of Philadelphia Right to Know confirmed that our correspondence had been entered into their case management system for processing and response.

**Delaware County: Waiting for Response**

On March 8, 2022, initial contact was made with Delaware County Elections, requesting a list of voters who voted in the November 3, 2020, general election. On March 9, 2022, the county sent a form to be filled out to begin processing the request. On April 5, 2022, we requested an electronic copy of the voter records and followed up on April 20, 2022. At the time this report was written, no response had been received.

**THE COMMONWEALTH OF VIRGINIA**

From our analysis of the top counties in Virginia, zero of 10 counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Arlington County, Virginia Beach County, and Prince William County would not process the request unless proof of Virginia residency could be provided, stating that public record laws do not apply to out-of-state residents. Loudon County denied our request. Chesapeake, Norfolk, Richmond, Chesterfield, Fairfax, and Henrico Counties redirected us to the Virginia Department of Elections. Our request to the Virginia Department of Elections was denied.

**Arlington County: Denied**

Initial contact was made with Arlington County Elections on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. On March 9, 2022, the Office of the County Attorney responded via email, referencing Virginia Code Section 2.2-3704(A), to request an address in order to continue with processing.
Virginia Beach County: Denied
On March 8, 2022, initial contact was made with the City of Virginia Beach Elections, requesting a list of voters who voted in the November 3, 2020, general election. We received a response on March 15, 2022, from a Freedom of Information Specialist requesting legal residency in Virginia in compliance with Virginia Code § 2.2-3704(A), stating that “only citizens of the Commonwealth and representatives of newspapers and magazines with circulation in the Commonwealth are entitled to assert the rights and privileges conferred by the Virginia Freedom of Information Act." The request was subsequently denied.

Prince William County: Denied
Initial contact was made with Prince William County on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. On the same day, we received a response from the county paralegal/Freedom of Information Act officer denying the request unless proof of Virginia citizenship could be provided.

Loudoun County: Redirect
Initial contact was made with the County of Loudoun Elections on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. The Assistant Deputy Clerk responded on March 11, 2022, asking that the request be directed to public record@elections.virginia.gov, and sending them our request directly. The Department of Elections’ public record responded the same day, advising that the Chief public record officer would be in touch in five business days. On March 17, 2022, we received a response stating that the list of voters could be purchased but only “released to entities authorized to receive information contained in our voter registration system” and that the “list will not include any voters that have been removed and/or canceled since your election of interest.”

Chesapeake County: Redirect
Initial contact was made with the City of Chesapeake Elections on March 8, 2022. On March 15, 2022, we received a response redirecting us to the state Department of Election’s Public Record Coordinator—the same correspondent who had previously denied our request to the County of Loudoun.
Norfolk County: Redirect
On March 8, 2022, initial contact was made with the city of Norfolk Elections requesting a list of voters who voted in the November 3, 2020, general election. The following day, a public records officer responded with a link to submit a public record request through the county portal, only if Virginia residency could be proven.

Richmond County: Redirect
Initial contact was made with the City of Richmond Clerk on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. The following day, the Deputy City Clerk responded, stating that they did not possess records related to our request. They redirected us to the Virginia Voter Registration contact information and the state Elections Registrar. We emailed the recommended address, voterregistration@rva.gov, on March 30, 2022. On April 5, 2022, we received a response stating that the requested data could only be provided by the state’s Department of Elections and that a fee associated with it. Upon contacting voterregistration@rva.gov on April 5, 2022, with the initial request, we received a response the day later from the Richmond Voter Registrar, stating there were no records in their office pertaining to the request and once again redirecting us to the state Department of Elections.

Chesterfield County: Redirect
Initial contact was made with the County of Chesterfield Elections on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. The following day, we received a response from the Registration and Elections Management Assistant stating that the “request is covered by Virginia Code Section 24.406.” and advising us to direct the request to the Virginia Department of Elections’ Client Services.

Fairfax County: Redirect
Initial contact was made with the County of Fairfax Elections on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. On March 10, 2022, we received a response from the Assistant Registrar stating that the data would only be available through the Virginia Department of Elections.

Henrico County: Redirect
On March 8, 2022, initial contact was made with the County of Henrico Elections, requesting a list of voters who voted in the November 3, 2020, general election. On March 15, 2022, the Public Record Officer sent us a response redirecting us to the Virginia Department of Elections.
THE STATE OF WISCONSIN

From our analysis of the top counties in Wisconsin, zero of seven counties complied with the Civil Rights Act of 1960, retaining the voter data from the November 3, 2020, general election. Every county we contacted redirected us to the state source. After contacting the Wisconsin Elections Commission on April 5, 2022, we were sent directions to complete a custom data request through the self-service system. After asking for confirmation on whether the data would be historical and not current, the state official informed us that obtaining these records would reach the maximum charge of $12,500 and that the “list will include all voters with a recorded participation in the 2020 general election and their current status/registration” due to the cost of these records and uncertainly that these records were actually the time stamped records from the general election, we concluded our examination.

**Brown County: Redirect**
On March 8, 2022, initial contact was made with Brown County requesting a list of voters who voted in the November 3, 2020, general election. We were redirected to the Wisconsin Election Commission.

**Dane County: Redirect**
Initial contact was made with the Dane County Clerk on March 8, 2022, requesting a list of voters who voted in the November 3, 2020, general election. On March 10, 2022, the county’s Risk Manager & Records Control Officer responded, denying the request and advising contact with various municipal clerks or the Wisconsin Elections Commission Portal.

**Milwaukee County: Redirect**
Initial contact with Milwaukee County was made on March 8, 2022, in the form of a public records request. On March 11, 2022, we received a response directing us to the Wisconsin Elections Commission Portal.

**Outagamie County: Redirect**
Initial contact with the Outagamie County Clerk was made on March 8, 2022, in the form of a public records request. On March 10, 2022, we received a response directing us to the Wisconsin Elections Commission Portal.

**Racine County: Redirect**
Initial contact with the Racine County Clerk was made on March 8, 2022, in the form of a public records request. On March 11, 2022, we received a response directing us to the Wisconsin Elections Commission Portal.
**Waukesha County:** Redirect
Initial contact with the Waukesha County Clerk was made on March 8, 2022, in the form of a public records request. On March 30, 2022, we received a response directing us to the Wisconsin Elections Commission.

**Winnebago County:** Redirect
Initial contact with Winnebago County was made on March 8, 2022, in the form of a public records request. We received a response directing us to the Wisconsin Elections Commission.

**CONCLUSIONS AND RECOMMENDATIONS**

One of the most basic ways to ensure election transparency is to verify if the number of votes counted equals the number of people listed as voting. With this understanding, AFPI has identified systematic evidence that election officials—both state and local—around the country are not retaining their election day voter files, which are federally mandated to be retained unaltered for 22 months following a general election, through the Civil Rights Act of 1960, and in some cases in state statute as well.

From our examination of the top 100 populated counties from the 14 swing states that historically have determined a presidential election, we found that only two Secretary of States/Election Offices of the 14 states examined technically follow the Civil Rights Act of 1960 (potentially three pending the results from the Florida file). Of the 100 total counties, only six counties properly retained the voter files from the 2020 general election. Unfortunately, and likely due to an honest attempt to “clean voter rolls,” county election officials are overwriting their voter records when citizens in their jurisdiction move or pass away following an election. This has restricted the ability of researchers to do a proper analysis and find unlawful activity if it is happening months after an election. When time-stamped data is available to review, there discrepancies still need to be addressed.

It is essential that the Attorney General of the United States Department of Justice, State Attorneys General, Secretaries of States, and county officials properly follow and enforce the provisions outlined in the Civil Rights Act of 1960, which includes language regarding the retention and preservation of records and papers by officers of elections. Such enforcement would go a long way toward resolving persistent problems. Most notably, Title 52 of the Act states, “Every officer of election shall retain and preserve, for a period of twenty-two months from the date of any general, special, or primary election...all records or papers which come into his possession.” This title clearly specifies that these
records include all registrations, applications, and other voter documents and spells out the penalties for a person “who willfully steals, destroys, conceals, mutilates, or alters” any of these records.

When this law was enacted on May 6, 1960, local election officers, after a federal election, would print a hard copy of the election files of individuals who voted in their city, district, township, or county and then place that hard copy of the election rolls into a filing cabinet for members of the public to review later, especially if any contested elections, concerns, or litigation were to arise. New Hampshire keeps this practice alive today, storing its hard copy files in the State Archives. By preserving the exact election day files for analysis, researchers, lawmakers, law enforcement, and everyday citizens would have a pure and unaltered dataset to identify discrepancies and allow Attorneys General, Secretaries of State, or State Election Officers to catch unlawful behavior and correct their systems.

This practice worked for several decades; however, today, the quick and efficient use of computers has complicated transparency efforts and increases the opportunity for bad actors, misconduct, and public mistrust in election administration. It should be the opposite. Computers and the ability to secure and store data more transparently and conveniently should help strengthen our election system and thwart any fraudulent activity. But whether in 1960 or today, to do a proper analysis, you need the exact data from election day and standardized language to ensure there is no misunderstanding in reporting vote counts from the county to the state. At the time of this publication, citizens still have the opportunity to leverage the Civil Rights Law of 1960 to drive transparency in their own state and community, as we are in the final month (August 2022) of the 22 months of record-keeping requirements under the Civil Rights Act of 1960. AFPI encourages readers of this report to be active in their communities and investigate their own counties and states to see if their election officers are retaining their election records appropriately.

KEY RECOMMENDATIONS:
AFPI recommends the following actions to improve election administration transparency and bolster the American people’s trust in their elections:

1. **Immediate enforcement of the Civil Rights Act of 1960 by the United States Attorney General, and where it is applicable, the immediate enforcement of state law by the State Attorney General**;
2. **Thorough Examination**: A thorough examination or review by each state’s chief elections officer and/or respective state legislative oversight committees of their respective election data retention and preservation policies in compliance with the 1960 Civil Rights Act;
3. **Create Clear State and Local Best Practices for Civil Rights Act Compliance**: State and local election officials should collaborate to create clear and uniform state-specific protocols for data retention and preservation by all election officials, including real-time voter registration records and local, state, and federal election results within a legally defined period of time;

4. **Codify Best Practices into State Law**: Codify these protocols and policies and enact appropriate law enforcement mechanisms, including civil private rights of action, criminal penalties, and prosecutorial standards;

5. **Institutionalize an Electronic and Searchable Public Access of Election Day Voter Registration and Voter Participation Data**: The adoption of state-specific policies, preferably through legislation, to provide for electronic, searchable public access to voter registration and election data.

6. **Bolstering the Civil Rights Act of 1960**: And on the federal level, Congress should consider addressing these issues that occur due to digital accessibility by requiring election officers on the state and local levels to maintain time-stamped digital records from federal elections and consider harsher penalties for those election officials that do not comply with the law.

With the advancement of technology and the emerging importance of cyber security, we must take steps to ensure that our elections are secure, accurate, and accessible. This includes protecting not only the right of each qualified elector to register and cast a ballot without fear of suppression or manipulation but also providing transparent access to records and results that can be used to verify outcomes.

After reviewing our findings, Secretary Frank LaRose of Ohio has since spearheaded a national effort with the support of Secretary Mac Warner of West Virginia to educate their fellow Secretary of States about the importance of retaining election day files and encouraging their state legislatures to adopt legislation to ensure the preservation of election day files. Additionally, concerned citizens in Missoula, Montana, recently filed litigation against the county with claims that it destroyed records within 22 months of the general election. AFPI believes it provides a significant opportunity to restore trust in our election system with growing awareness of these issues. Properly stored records allow Americans and researchers alike to review contested elections, and accusations of fraud or unlawful activity can be immediately addressed and investigated. Let’s make it easy to vote but hard to cheat in America.
BIOGRAPHIES

Dr. John Lott, Ph.D., was born in 1958 in Detroit, Michigan. His academic journey began at the University of California, Los Angeles (UCLA), where he received his bachelor’s degree in economics in 1980. He obtained his master's and Ph.D. in the same field at UCLA in 1982 and 1984, respectively. From there, Lott has held research or teaching positions at the Wharton Business School, Yale Law School, University of Chicago, Stanford University, UCLA, and Rice University. Outside of employment at these universities, Lott also worked as Chief Economist at the United States Sentencing Commission, senior advisor for research and statistic in the U.S. Department of Justice, and a senior researcher at the University of Maryland Foundation. He currently serves as the president of the Crime Prevention Research Center.

His arguments have landed him several roles as a political commentator. His op-ed pieces have been featured in a number of publications, including The New York Times, The Wall Street Journal, the Chicago Tribune, the Los Angeles Times, and USA Today. He was a columnist for FoxNews.com from 2008-2020, where he published works on such subjects as the economy, regulations, race problems in America, women’s rights, unemployment, and the Great Recession of 2008, among other topics.

Steven M. Smith is from Dayton, Ohio, and serves as AFPI’s Chief of Staff. Smith recently served as a Special Assistant to the President and Chief of Staff of the White House Office of American Innovation and the Domestic Policy Council. Smith served on the team that passed the First Step Act, a historic bipartisan criminal justice reform bill, and was heavily involved in the successes of the White House Opportunity and Revitalization Council and the COVID-19 rapid response operations team. Steve previously spent 12 years in campaign management, leading and supporting political races from city, state, federal, and presidential levels, including service on Senator Mitch McConnell’s 2008 campaign and as the Special Assistant to the Republican National Committee’s Co-Chairman during the 2016 cycle.
CONTRIBUTIONS
On behalf of AFPI, we would like to extend a special thank you for contributing to this report from Local Labs and Raza Khan, who conducted all public record requests and dedicated thousands of hours of research and follow-ups to gather the data for this report. Also, a special thank you to Kristen Ziccarelli, who helped write this report.

ENDNOTES
APPENDIX A: CIVIL RIGHTS ACT OF 1960

TITLE III FEDERAL ELECTION RECORDS

SEC. 301. Every officer of election shall retain and preserve, for a period of twenty-two months from the date of any general, special, or primary election of which candidates for the office of President, Vice President, presidential elector, Member of the Senate, Member of the House of Representatives, or Resident Commissioner from the Commonwealth of Puerto Rico are voted for, all records and papers which come into his possession relating to any application, registration, payment of poll tax, or other act requisite to voting in such election, except that, when required by law such records and papers may be delivered to another officer of election and except that, if a State or the Commonwealth of Puerto Rico designates a custodian to retain and preserve these records and papers at a specified place, then such records and papers may be deposited with such custodian, and the duty to retain and preserve any record or paper so deposited shall devolve upon such custodian. Any officer of election or custodian who willfully fails to comply with this section shall be fined not more than $1,000 or imprisoned not more than one year, or both.

SEC. 302. Any person, whether or not an officer of election or custodian, who willfully steals, destroys, conceals, mutilates, or alters any record or paper required by section 301 to be retained and preserved shall be fined not more than $1,000 or imprisoned not more than one year, or both.

SEC. 303. Any record or paper required by section 301 to be retained and preserved shall, upon demand in writing by the Attorney General or his representative directed to the person having custody, possession, or control of such record or paper, be made available for inspection, reproduction, and copying at the principal office of such custodian by the Attorney General or his representative. This demand shall contain a statement of the basis and the purpose therefor.

SEC. 304. Unless otherwise ordered by a court of the United States, neither the Attorney General nor any employee of the Department of Justice, nor any other representative of the Attorney General, shall disclose any record or paper produced pursuant to this title, or any reproduction or copy, except to Congress and any committee thereof, government agencies, and in the presentation of any case or proceeding before any court or grand jury.
SEC. 305. The United States district court for the district in which a demand is made pursuant to section 303, or in which a record or paper so demanded is located, shall have jurisdiction by appropriate process to compel the production of such record or paper.

SEC. 306. As used in this title, the term “officer of election” means any person who, under color of any Federal, State, Commonwealth, or local law, statute, ordinance, regulation, authority, custom, or usage, performs or is authorized to perform any function, duty, or task in connection with any application, registration, payment of poll tax, or other act requisite to voting in any general, special, or primary election at which votes are cast for candidates for the office of President, Vice President, presidential elector, Member of the Senate, Member of the House of Representatives, or Resident Commissioner from the Commonwealth of Puerto Rico.
APPENDIX B: PUBLIC RECORD CORRESPONDENCE
To whom it may concern,

We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Thank you very much,

Local Labs
RE: Public Record Request - November 3rd, 2020 Registered Voters

Good morning,

You will need to contact the Pima County Recorder’s Office for this information.

Thanks,

Thank you for your response, can you please provide an email address to follow up with our request? It would be greatly appreciated!

Thank you very much,
Hello

We received your voter data request.

This would be an updated list.

The total number of voters will be 525,033. The fee for the request will be $331.25. You can either send a bank certified check in that amount, payable to Pima County Recorder, to PO Box 3145, Tucson, AZ  85702 - Attn: Pam Franklin or you can pay by credit card on our website.

If you want to pay by credit card, please use the following link:

https://www.paylocalgov.com/PimaCountyRecorder/

After you click on this link, please select “Voter Data Requests” from the dropdown menu under Payment Type. Also, please enter [redacted] in the notes section.

Please keep a copy of your confirmation receipt. As soon as we receive payment, we can provide the data online through a secure link. I can create the login information and send it to you once the records are available, if you’d prefer. Otherwise the data would be sent on a CD.

Please let me know if you have any questions.

Thank you,

David Greenwood

Hi Donna,
Thanks again for your help with this. I am wondering if there have been any updates made to my question and if you could please provide a cost estimate.
Hi, my apologies for not getting back to you sooner – to answer your question, the list will only include voters who were registered in Coconino County at the time the list was generated, and it will include their precinct number. Let me know if you have any other questions about that. The cost of the list is $146.05.

Thanks, Donna

Hello,

Thank you for your response. If you could please help clarify this point mentioned in the original email before I send you over payment, it would be greatly appreciated.

Thanks!

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

---

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.
Sincerely,

LocalLabs
The list with voting history for the 2020 General Election was run on November 12, 2020 (after we were done processing provisional ballots and crediting all voters in our database).

Hi,

Thank you very much for your response. Before you send over the paperwork, could you please let me know the exact date the report was run immediately after the election?

Thank you for your time!

RE: Public Record Request - November 3rd, 2020 Registered Voters

Casner, Donna <dcasner@coconino.az.gov>
To: FOIA2 Locallabs <foia2@locallabs.com>
Cc: 

Hi, my apologies for not getting back to you sooner – to answer your question, the list will only include voters who were registered in Coconino County at the time the list was generated, and it will include their precinct number. Let me know if you have any other questions about that. The cost of the list is $146.05.

Thanks, Donna

On Thu, Apr 14, 2022 at 12:12 PM FOIA2 Locallabs <foia2@locallabs.com> wrote:

Thank you Donna! After reviewing the form, can you confirm that the county-wide list of voters will provide the voter’s county and precinct that they voted in for Nov 3rd 2020 or if it will be registered county and precinct?

Thanks again for your help.

AFFIDAVIT OF INTENDED USE

I, ________________________, acting as agent for ________________________,
at an address of ________________________,
do hereby swear or affirm that the voter’s names I wish to purchase from the Coconino County Recorder will be used in accordance with Arizona Revised Statutes §16-168(E) to wit: “… only for purposes relating to a political or political party activity, a political campaign, an election or for any other purpose specifically authorized by law and may not be used for a commercial purpose as defined in §39-121.03.”
The activity for which the voters’ names will be used is:

________________________________________________________________________
________________________________________________________________________

Name of political committee, if applicable: ____________________________
Serial number of political committee, if applicable: ________________________

I also understand that further details may be required by the Recorder prior to delivery.
Payment will be rendered with this request.

_________________________  ____________________________
Date of Filing                       Signature

(   ) ______________________
Phone Number                       Printed Name

_________________________
Title or Capacity

Address to which list should be sent:
(List will be mailed unless designated contact information for pick up is listed below)
REQUEST FOR VOTER LISTING

1. Type of list requested:
   - [ ] County-wide list of active registered voters
   - [ ] District or precinct-specific list of active registered voters
   - [ ] Early ballot list (requests and returns) – this list contains all early ballots issued and their final status. Information included is voter’s full name, residence and mailing address, precinct number, birth year, and political party. Please indicate election(s) desired: ________________________________________________________________

Names, numbers, or description of areas desired if requesting a district or precinct-specific list:
(example: City of Page; Precincts 10 and 13; all of Supervisor District 3, etc.)

_______________________________________________________________________

Standard information provided on active registered voter lists include full name, residence and mailing address, and precinct number. Lists will be provided in alphabetical order by last name.

2. Additional information (check all desired):
   - [ ] Phone number*
   - [ ] Political party
   - [ ] Birth year
   - [ ] Registration date
   - [ ] Active Early Voter Indicator
   - [ ] Voting history for the following election(s):

   __________________________

3. If political party selected above, check all desired:
   - [ ] Democratic
   - [ ] Republican
   - [ ] Libertarian
   - [ ] Green
   - [ ] All voters
   - [ ] All unaffiliated voters (Independent, Party Not Designated, and Other)
   - [ ] Other __________________________

*NOTE: Telephone numbers provided are the numbers that were listed by the registered voter at the time he or she registered to vote. The Elections Office does not update or guarantee the numbers are current or accurate.

All lists are provided in Excel .CSV format on CD (computer disk) or via secure method of electronic transfer.

Payment is required in advance. The cost for up to 124,999 records per list is $93.75 plus $.0005 per record. Check or money order can be made payable to Coconino County Recorder at 110 E. Cherry Ave. Flagstaff, AZ 86001. Payment may also be made by credit card by contacting the Elections Department. There is no mailing charge.

An estimate of the number of names involved in this request may be obtained by telephone from the Elections Department. Please contact Donna Casner at (928) 679-7882. This estimate will be based on the most recent statistics available. Delivery time may be up to 7 days.
Public Record Request - November 3rd, 2020 Registered Voters

From: news@news.locallabs.com

Good morning,

Thank you for your email.

We have received your public records request, and it is currently being processed and added to the queue. As a result, our office can electronically provide your data file.

Please note, as the Public Records Custodian for the Maricopa County Elections Department, the Recorder’s office is required to promptly respond to public record requests. Our response depends on depending on the scope of the request and the resources necessary to process your request.

Arizona Revised Statutes §39-121.03(C) provides: A person who obtains public records for commercial purpose without indicating the commercial purpose or who obtains a public record for a non-commercial purpose and uses or knowingly allows the uses of such public record for a commercial purpose or who obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose shall in addition to other penalties be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount which would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorney’s fees or shall be liable to the state or political subdivision for the amount of three times the actual damages if it can be shown that the public record would have not been provided had the commercial purpose of actual use been stated at the time of obtaining the records.

A “Commercial Purpose” means the use of a public record for the purpose of sale or resale including any of the following:

- Producing a document containing all or part of the copy, printout or photograph for sale, or
- Obtaining of names and addresses from such public records for the purpose of solicitation or for creating a list for resale, or
- For any purpose in which the purchaser can reasonably anticipate the receipt of monetary gain from the direct or indirect use of such public records. (A.R.S.§39-121.03(D)).

If you have any questions or concerns, please do not hesitate to ask.

Respectfully,

Custodian of Public Records

Good morning

We want to inform you that the Maricopa County Recorder requires additional information before processing your public records request. Therefore, please let us know which data file you would like to purchase based on the descriptions below.

**Voter File (VM51)**
- Generates a current alphabetical listing by name of registered voters available to the public that can be requested by bound districts only (Legislative, Congressional, Supervisorial, Precinct, or Countywide).
- The file contains the following: Name, Date of Registration, Addresses, Party, Phone, AEVL, Registration Status, and Voting History for Current General/Primary, Previous General/Primary, and Next General/Primary.
- This file does not include any protected voters (A.R.S. § 16-153).
- This file can be requested to include Active, Inactive, Federal only or all registration statuses.
- Click here to view our VM51 Voter File Layout.

**Voted File (VM55)**
- This file, prescribed for in state law, is the final accounting of voters who participated in the election broken out by early voting and Election Day. The file is run after all early ballot signatures have been verified and after all provisional ballots have been researched.
- This file does not include any protected voters (A.R.S. § 16-153).
- This file contains a list of ALL voters by Name, Voter ID, Addresses, Precinct/District, Party, Ballot Type, and Year of Birth.
- This file does not include any protected voters (A.R.S. § 16-153).
- Click here to view our VM55 Voted File Layout.

Respectfully,

**Custodian of Public Records**

Request Description: We request that you provide us the following records: - A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields: Voter ID Voter name Registration status (i.e Active/Cancelled/Other) Registered address City Zip code County Precinct Voted in 2020 GE (Yes/No) Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason. We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
Hello,

Thank you for your response. I will be continuing with the purchase of the Voted File (VM 55). Before I continue with the process, can you confirm that this data would represent an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason?

Thank you.

Good morning,

We want to inform you that the Maricopa County Recorder requires additional information before processing your public records request. Therefore, please let us know which data file you would like to purchase based on the descriptions below:

**Voter File (VM51)**
- Generates a current alphabetical listing by name of registered voters available to the public that can be requested by bound districts only (Legislative, Congressional, Supervisorial, Precinct, or Countywide).
- The file contains the following: Name, Date of Registration, Addresses, Party, Phone, AEVL, Registration Status, and Voting History for Current General/Primary, Previous General/Primary, and Next General/Primary.
- This file does not include any protected voters (A.R.S. § 16-153).
- This file can be requested to include Active, Inactive, Federal only or all registration statuses.
- [Click here](#) to view our VM51 Voter File Layout.

**Voted File (VM55)**
- This file, prescribed for in state law, is the final accounting of voters who participated in the election broken out by early voting and Election Day. The file is run after all early ballot signatures have been verified and after all provisional ballots have been researched. This file does not include any protected voters (A.R.S. § 16-153).
- This file contains a list of ALL voters by Name, Voter ID, Addresses, Precinct/District, Party, Ballot Type, and Year of Birth.
- This file does not include any protected voters (A.R.S. § 16-153).
- [Click here](#) to view our VM55 Voted File Layout.

Respectfully,

**Custodian of Public Records**

Good morning

Thank you for your email.

We have received your public records request, and it is currently being processed and added to the queue. As a result, our office can electronically provide your data file.

Please note, as the Public Records Custodian for the Maricopa County Elections Department, the Recorder’s office is required to promptly respond to public record requests. Our response depends on depending on the scope of the request and the resources necessary to process your request.

Arizona Revised Statutes §39-121.03(C) provides: A person who obtains public records for commercial purpose without indicating the commercial purpose or who obtains a public record for a non-commercial purpose and uses or knowingly allows the uses of such public record for a commercial purpose or who obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose shall in addition to other penalties be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount which would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorney’s fees or shall be liable to the state or political subdivision for the amount of three times the actual damages if it can be shown that the public record would have not been provided had the commercial purpose of actual use been stated at the time of obtaining the records.
A “Commercial Purpose” means the use of a public record for the purpose of sale or resale including any of the following:

- Producing a document containing all or part of the copy, printout or photograph for sale, or
- Obtaining of names and addresses from such public records for the purpose of solicitation or for creating a list for resale, or
- For any purpose in which the purchaser can reasonably anticipate the receipt of monetary gain from the direct or indirect use of such public records. (A.R.S.§39-121.03(D)).

If you have any questions or concerns, please do not hesitate to ask.

Respectfully,

Custodian of Public Records

Subject: Public Record Request - November 3rd, 2020 Registered Voters
Caution: This email originated from outside of Maricopa County. Do not click links or open attachments unless you recognize the sender, expect this communication, and know the content is safe.

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
From

Subject: RE: Public Record Request - November 3rd, 2020 Registered Voters

Good morning

Thank you for your email.

We want to inform you that we have received your public record request inquiry. To move forward with this request, please complete the online form (https://publicrecordsrequest.maricopa.gov/nonCommercial?d=42) at your earliest convenience.

**Arizona Revised Statutes §39-121.03(C) provides:** A person who obtains public records for commercial purpose without indicating the commercial purpose or who obtains a public record for a non-commercial purpose and uses or knowingly allows the uses of such public record for a commercial purpose or who obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose shall in addition to other penalties be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount which would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorney’s fees or shall be liable to the state or political subdivision for the amount of three times the actual damages if it can be shown that the public record would have not been provided had the commercial purpose of actual use been stated at the time of obtaining the records.

A **“Commercial Purpose”** means the use of a public record for the purpose of sale or resale including any of the following:

- Producing a document containing all or part of the copy, printout or photograph for sale, or
- Obtaining of names and addresses from such public records for the purpose of solicitation or for creating a list for resale, or
- For any purpose in which the purchaser can reasonably anticipate the receipt of monetary gain from the direct or indirect use of such public records. (A.R.S.§39-121.03(D)).

Should you have any questions or concerns, please do not hesitate to ask.

Respectfully,

Subject: Public Record Request - November 3rd, 2020 Registered Voters

Caution: This email originated from outside of Maricopa County. Do not click links or open attachments unless you recognize the sender, expect this communication, and know the content is safe.

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,
Public Records Request Confirmation for request # 408

Good morning

We want to inform you that the Maricopa County Recorder requires additional information before processing your public records request. Therefore, please let us know which data file you would like to purchase based on the descriptions below.

Voter File (VM51)
- Generates a current alphabetical listing by name of registered voters available to the public that can be requested by bound districts only (Legislative, Congressional, Supervisorial, Precinct, or Countywide).
- The file contains the following: Name, Date of Registration, Addresses, Party, Phone, AEVL, Registration Status, and Voting History for Current General/Primary, Previous General/Primary, and Next General/Primary.
- This file does not include any protected voters (A.R.S. § 16-153).
- This file can be requested to include Active, Inactive, Federal only or all registration statuses.
- Click here to view our VM51 Voter File Layout.

Voted File (VM55)
- This file, prescribed for in state law, is the final accounting of voters who participated in the election broken out by early voting and Election Day. The file is run after all early ballot signatures have been verified and after all provisional ballots have been researched. This file does not include any protected voters (A.R.S. § 16-153)
- This file contains a list of ALL voters by Name, Voter ID, Addresses, Precinct/District, Party, Ballot Type, and Year of Birth.
- This file does not include any protected voters (A.R.S. § 16-153).
- Click here to view our VM55 Voted File Layout.

Respectfully,

Custodian of Public Records

Good morning

Thank you for your email.

We have received your public records request, and it is currently being processed and added to the queue. As a result, our office can electronically provide your data file.

Please note, as the Public Records Custodian for the Maricopa County Elections Department, the Recorder’s office is required to promptly respond to public record requests. Our response depends on depending on the scope of the request and the resources necessary to process your request.

Arizona Revised Statutes §39-121.03(C) provides: A person who obtains public records for commercial purpose without indicating the commercial purpose or who obtains a public record for a non-commercial purpose and uses or knowingly allows the uses of such public record for a commercial purpose or who obtains a public record for a commercial purpose and uses or knowingly allows the use of such public record for a different commercial purpose shall in addition to other penalties be liable to the state or the political subdivision from which the public record was obtained for damages in the amount of three times the amount which would have been charged for the public record had the commercial purpose been stated plus costs and reasonable attorney’s fees or shall be liable to the state or political subdivision for the amount of three times the actual damages if it can be shown that the public record would have not been provided had the commercial purpose of actual use been stated at the time of obtaining the records.

A “Commercial Purpose” means the use of a public record for the purpose of sale or resale including any of the following:

- Producing a document containing all or part of the copy, printout or photograph for sale, or
- Obtaining of names and addresses from such public records for the purpose of solicitation or for creating a list for resale, or
For any purpose in which the purchaser can reasonably anticipate the receipt of monetary gain from the direct or indirect use of such public records. (A.R.S.§39-121.03(D)).

If you have any questions or concerns, please do not hesitate to ask.

Respectfully,

Custodian of Public Records

RE: New Record Request: 408

Hello,

Thank you for your response. I will be continuing with the purchase of the Voted File (VM 55). Before I continue with the process, can you confirm that this data would represent an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason?

Thank you.

LocalLabs
Hello

I have received your request. Please see the attached Public Records Request from our office. Fill out and return to me at your earliest convenience.

Our county attorney gives us approval on all PRR. Once I have that approval, I will contact you regarding payment and delivery of the requested information.

Let me know if you have any questions or concerns in the meantime.

Best regards,

Laurin

County
Precinct
Voted in 2020 GE (Yes/No)
A.R.S. § 16-168 (E) “...Precinct registers and other lists and information derived from registration forms may be used only for purposes relating to a political or political party activity, a political campaign or an election, for revising election district boundaries or for any other purpose specifically authorized by law and may not be used for a commercial purpose as defined in section 39-121.03. The sale of registers, lists and information derived from registration forms to a candidate or a registered political committee for a use specifically authorized by this subsection does not constitute use for a commercial purpose. The county recorder, on a request for an authorized use and within thirty days from receipt of the request, shall prepare additional copies of an official precinct list and furnish them to any person requesting them on payment of a fee equal to:  
1. FOR 1-124,999 RECORDS, $93.75 PLUS $0.0005 PER RECORD.  
2. FOR 125,000-249,999 RECORDS, $156.25 PLUS $0.000375 PER RECORD.  
3. FOR 250,000-499,999 RECORDS, $203.13 PLUS $0.00025 PER RECORD.  
4. FOR 500,000-999,999 RECORDS, $265.63 PLUS $0.000125 PER RECORD.  
5. FOR 1,000,000 OR MORE RECORDS, $328.13 PLUS $0.0000625 PER RECORD.  

F. Any person in possession of a precinct register or list, in whole or part, or any reproduction of a precinct register or list, shall not permit the register or list to be used, bought, sold or otherwise transferred for any purpose except for uses otherwise authorized by this section. A person in possession of information derived from voter registration forms or precinct registers shall not distribute, post or otherwise provide access to any portion of that information through the internet except as authorized by subsection J of this section. Nothing in this section shall preclude public inspection of voter registration records at the office of the county recorder for the purposes prescribed by this section, except that the month and day of birth date, the social security number or any portion thereof, the driver license number or non-operating identification license number, the unique identifying number prescribed by this section, the Indian census number, the father’s name or mother’s maiden name, the state or country of birth and the records containing a voter’s signature shall not be accessible or reproduced by any person other than the voter, by an authorized government official in the scope of the official’s duties, for signature verification on petitions and candidate filings, for election purposes and for news gathering purposes by a person engaged in newspaper, radio, television or reporrtorial work, or connected with or employed by a newspaper, radio or television station or pursuant to a court order. A person who violates this subsection or subsection E of this section is guilty of a class 6 felony.

I do hereby swear or affirm that the information I obtain from the Yavapai County Recorder will be used in accordance with Arizona Revised State Statutes. I also understand that further details may be required by the Recorder prior to delivery. Payment must be rendered prior to release of records.

Signature: ___________________________ Printed Name: ___________________________ Title/Capacity: Manager Date: 4/8/2022 Phone Number: 312 404 9751 E-Mail foia2@locallabs.com Address to which list should be sent: Online via email preferred. 100 S Wacker Dr Ste 1275 Chicago IL 60606

Important: This request may take up to 30 days to process.
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hello,

Can you provide an updated to this request? I haven't received any follow up emails since our last correspondence.

Thank you and have a good day!
Mr. Epsi,

The El Paso County Clerk & Recorder’s Office has been in receipt of the below CORA request dated March 8, 2021. Please note, the election list you have requested is considered a public report/document and does not require a CORA request in the future. Elections reports such as this cost $25.00 and will be made available upon receipt of payment via a check, cash, or credit card at our office at 1675 West Garden of the Gods Road, Suite 2202, Colorado Springs, CO 80907. You may also call Angie Leath, Director of Elections, at 719-520-7325 and pay via credit card over the phone. Once payment is received, the requested election information will be emailed to you at that time.

Best Regards,

Kristi Ridlen

[Quoted text hidden]

Mr. Epsi,

The El Paso County Elections Department have several different options pertaining to data. Some reports capture data right after the election was certified in 2020. It is recommended you contact Angie Leath, Director of Elections, so she can speak with you about your needs and determine which report will work best for your research. She can be contacted directly at 719-520-7325.

Regards,

Kristi

Mr. [Redacted]

Please complete the attached report request form, sign and date it, then email it back to me. The state voter registration database only can report the voters as they exist at the time of the report extract so that is the data that we will provide. Please also understand that we have since been through redistricting and the precincts that show up on the report will not match the precincts listed on the Statement of Votes cast for the 2020 General Election.

Please let me know if you have any questions.

Date: 03/10/2022 @ 2:45 p.m.
Good afternoon,

Arapahoe County Elections makes select public lists of registered voters available online for download at no cost. All information contained in these lists is considered public under state law.* Lists may be found at https://www.arapahoevotes.gov/voter-lists.

All data provided on the website comes from the Colorado SCORE statewide voter registration database and is provided in its original, unaltered format.

If you would like to request a custom list or document formatted with specific output you may do so by completing an
form (https://www.arapahoevotes.gov/sites/default/files/2019-04/Current%20Map%20and%20List%20Form.pdf) and returning it to our office with payment.

*Voter lists do not include voters who are protected as ‘confidential’ voters in accordance with Colorado law (C.R.S. 24-204). Voter data is not provided for pre-registered voters under age 18 (C.R.S. 1-2-227.) We will never disclose voters’ social security numbers, driver’s license or state-issued identification numbers, electronic copies of voter signatures, voter email addresses, or how a voter voted. (C.R.S. 1-2-302, C.R.S. 1-1-110 and 1-7-105)

  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Good afternoon,

Arapahoe County Elections makes select public lists of registered voters available online for download at no cost. All information contained in these lists is considered public under state law.* Lists may be found at [https://www.arapahoevotes.gov/voter-lists](https://www.arapahoevotes.gov/voter-lists).

All data provided on the website comes from the Colorado SCORE statewide voter registration database and is provided in its original, unaltered format.

If you would like to request a custom list or document formatted with specific output you may do so by completing an [form](https://www.arapahoevotes.gov/sites/default/files/2019-04/Current%20Map%20and%20List%20Form.pdf) and returning it to our office with payment.

*Voter lists do not include voters who are protected as ‘confidenal’ voters in accordance with Colorado law (C.R.S. 24-204). Voter data is not provided for pre-registered voters under age 18 (C.R.S. 1-2-227.) We will never disclose voters’ social security numbers, driver’s license or state-issued identification numbers, electronic copies of voter signatures, voter email addresses, or how a voter voted. (C.R.S. 1-2-302, C.R.S. 1-1-110 and 1-7-105)

Order Data and Maps

The Denver Elections Division offers a variety of precompiled data and maps. Follow these steps to make your request:

1. Review the catalogs on this page and note the costs associated with the product you wish to request.
2. Complete the form at the bottom of this page.
3. Submit payment before your product can be delivered. Payment is accepted in cash or check. Checks should be addressed to 'Denver Manager of Finance' with the requestor's name on the memo line.

Payment can be mailed or delivered in-person:
Denver Elections Division
200 W. 14th Ave.
Denver, CO 80204
Once these steps are completed, allow 3-5 business days for delivery. Our office will contact you once it is ready.

---

**Data Catalog**

All data reports are $40 (unless specified otherwise) when delivered electronically.

**Splits/District Report (EX-001)**

This report lists district information by precinct and split. For use when extrapolating City Council, School District, RTD based on voter information. This is mainly used when creating more detailed information in addition to the basic data needed from the VR-011, or EX-002.

We recommend that you use this information with a database and transform this data to your needs. Not recommended for basic usage as this requires custom analysis.

**OUTPUT FIELDS**

Details

- County
- Precinct Code
- Split Code
- District Code
- District Type
- District Name
Simple Voter Walking List (VR-014)

Contains list of registered voters and their addresses arranged by precinct. Recommended for campaigns and canvassing. We also recommend that you format the list to your needs and print only what you need.

Please choose the districts, precincts, and party affiliations of interest before ordering.

OUTPUT FIELDS

Master Voter History List (EX-002)

Voter participation history for all elections recorded in the SCORE database for the current voters in Denver county. The report joins voter information (party, address etc.) with voting history and participation records. Contains two files for voter history and voter details. Please note that these two files contain a large amount of data.
Please choose the districts and precincts you are interested in before ordering. Recommended for use with a database.

OUTPUT FIELDS

Voters Voting History Information

- Voter ID
- Election Type
- Election Description
- Election Date
- Voting Method
- Party
- County Name

Voting History for Last Five Elections (EX-005)
Contains a list in spreadsheet form, for all current county voters and their election activity in the last five elections. This report is a variation on the EX-002 Master Voter History List, but it is much easier to digest and does not specifically require any specialized database knowledge.

Please be aware that this spreadsheet has over 150 columns, so we cannot give all the output columns here. The columns referenced do not include any details for the election, but the main fields for voter information. Additional columns include:

District and Split information, Voting Method, Description of Election and Election date for each of the five elections.

Registered Voters Report (VR-011)

List of registered voters in Denver County including district information. This list is the standard generated list for voter data as needed for your business needs. Includes voter party, status and address information. Recommended for spreadsheets and databases and does not require any advanced skills to use.

Please note that district information is subject to change over time. We recommend updating the VR-011 annually, or as districts change.

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

[Signature]

***********DO NOT REPLY***********

Thank you for contacting the Denver Clerk and Recorder. Please use the table below to help direct your inquiry. We will respond to your email by the next business day.

| Recording of Documents, Committed Partnership | recording@denvergov.org |
| Marriage License | marriages@denvergov.org |
| Records Requests | records@denvergov.org |
| Ordinances, Financial Disclosures, Lobbyist Registration, or Contracts | cityclerk@denvergov.org |
| Foreclosure/Public Trustee | foreclosures@denvergov.org |
| Accounting for the Clerk and Recording or Public Trustee | clerkandrecorderaccounting@denvergov.org |

Did you know that you can download records online? Visit us www.denvergov.org/clerkandrecorder

**If this email is election-related or concerning your voter registration, please see the information below.**

All voter registration forms or voter registration questions **must** be sent to the Denver Elections Division at voterregistration@denvergov.org.

All other election-related questions can be answered by calling 720-913-VOTE (8683) or by sending an email to elections@denvergov.org.

Thank you.

***********NO RESPONDA***********

Gracias por contactar a la oficina del Secretario y Registrador de Denver. Por favor use la tabla de abajo para dirigir sus preguntas. Responderemos a su correo electrónico para el siguiente día de negocio.

| Registro de Documentos, Pareja Comprometida | recording@denvergov.org |
| Licencia de Matrimonio | marriages@denvergov.org |
| Solicitud de Documentos | records@denvergov.org |
| Ordenanzas, Divulgación de Información Financiera, Registro de Cabilderos, o Contratos | cityclerk@denvergov.org |
| Juicio Hipotecario/Fideicomisario Público | foreclosures@denvergov.org |
| Contabilidad para el Secretario del condado y Registrador o Fideicomisario Público | clerkandrecorderaccounting@denvergov.org |

¿Sabe que puede descargar documentos por internet? Visítenos al www.denvergov.org/clerkandrecorder
Si este correo electrónico es relacionado o relativo a su registración de voto, por favor lea la información abajo.

Todos los documentos de registración para votar o preguntas deben ser mandadas a la División Electoral de Denver al voterregistration@denvergov.org.

Todas otras preguntas relacionadas con elecciones pueden ser respondidas llamando a 720-913-VOTE (8683) o por correo electrónico a elections@denvergov.org.

Gracias.
Good morning,

Our apologies on the delay!

The data does represent anyone who has voted in the 2020 General Election, but it will not include any cancelled, or deceased voters. It will only have active and inactive statuses.

RE: Public Record Request - November 3rd, 2020 Registered Voters

Dear Mr. [Name],

Your request for VOTER WHO VOTED in 2020 General Election was received. All orders take 3 to 5 business days to process once payment is received. Please note contact information such as phone numbers and email addresses are not required when registering to vote. As such, this information may not be available for all voters. Public information will be included in the report.

If you would like historical data for 2020 General Election, please contact our Record Request via email to recreqelec@miamidade.gov.

If the report is too large to send by email, we can send by using the following methods. When you submit your payment, please indicate how you wish to receive the report.

- Dropbox link
- CD-ROM (pick-up or by mail)
- List other methods if available here

The cost for a data list is $20.00 per report. Orders may be paid with cash or check only. Please make your check payable to: MIAMI-DADE COUNTY

Mailing Address:
Miami-Dade Elections Department
Public Services
2700 NW 87th Avenue
Miami, Florida 33172

Should you have any questions, please feel free to contact our office.

Thank you.

I apologize for that. I've forwarded an email - here is a copy of the drop box link as well. Let me know if this works for you.

https://www.dropbox.com/request/87asceRpHOY6XrBeap

Thank you.
Hey Tulio,

Thank you for taking our call earlier this week. As we discussed, we are sending over the three files we used in our analysis to compare the counts per precinct:

+ VWV 2020 General – This is the file we received from your county on the list of voters who voted in the November 3, 2020 Election. We used this to calculate the counts in 2020 County RVBC column

+ miami_dade_county_SOS – This file we obtained from FL SoS. We have taken out the subset of all Miami-Dade voters who voted in 2020 GE, to prevent the file from getting too big. We understand the dataset here may have been updated based on voters who moved/passed away or removed from voter registration for any other reason. This data is shown in column 2020 SoS RVBC.

+ 11032020 General Election Precinct Level Results – This is the county canvass we received from your department the data we used to calculate counts in column 2020 TBC.

We appreciate you taking a look at the dataset to let us know if there is an error somewhere.

Thanks,
Raza Khan

Subject: 2020 General Election Data

EMAIL RECEIVED FROM EXTERNAL SOURCE

HI Miami-Dade County,

Thank you very much for providing us the requested data and the clarifications on it.

We performed some simple analyses on it to understand it better but came across some discrepancies that made us question if we are comprehending the datasets properly. Perhaps there are some mistakes in our methodology or a variable in the data process we are unaware of. I have laid out some examples below and attached a file with the analysis and data we are looking at. We would really appreciate any feedback or thoughts on this. These are the fields in the attached document that we are looking at:

- County -- Miami-Dade
- Precinct -- All precinct listed under Miami-Dade County
- 2020 TBC -- Total ballots cast (TBC) information for 2020 General Election

We calculated at the precinct level based on the voter file obtained from SOS
- 2020 County RVBC -- Counts of registered voters who voted in 2020 GE that we calculated at the precinct level based on the data obtained from your department
- SoS - County RVBC (ABS) -- Absolute difference between the counts of voters from SOS data and your department's data
- TBC - County RVBC (ABS) -- Absolute difference between the counts of Total Ballots Cast (TBC) data your department's data

When we combine these data points between all sources (SOS voter files, SOS canvass/TBC data, and your department's data), and view it at precinct-level, we see that all three sources report slightly different numbers. Furthermore, we see your department's data does not contain any voters for 98 precincts which are found in SoS dataset.

We were wondering if you had any thoughts on why these numbers do not sync up. Perhaps we utilized the data wrong or missed some relevant fields here that would result in inaccuracies for this analysis. Any feedback would be greatly appreciated here.

With gratitude,

Raza Khan
Dear Mr. [Redacted]

Your request for VOTER WHO VOTED in 2020 General Election was received. All orders take 3 to 5 business days to process once payment is received. Please note contact information such as phone numbers and email addresses are not required when registering to vote. As such, this information may not be available for all voters. Public information will be included in the report.

If you would like historical data for 2020 General Election, please contact our Record Request via email to recreqelec@miamidade.gov.

If the report is too large to send by email, we can send by using the following methods. When you submit your payment, please indicate how you wish to receive the report.

- Dropbox link
- CD-ROM (pick-up or by mail)
- List other methods if available here

The cost for a data list is $20.00 per report. Orders may be paid with cash or check only. Please make your check payable to: MIAMI-DADE COUNTY

Mailing Address:
Miami-Dade Elections Department
Public Services
2700 NW 87th Avenue
Miami, Florida 33172

Should you have any questions, please feel free to contact our office.

Thank you.

Subject: Public Record Request - November 3rd, 2020 Registered Voters

EMAIL RECEIVED FROM EXTERNAL SOURCE
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com (mailto:foia2@locallabs.com). We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hi,

Your requested voter list has been completed and posted to your Data Access account; as we have recently gone through a software conversion, please note the following:
• Due to file size limitations, voter files are now posted in a compressed (zip) file.

• Double click on the zip file to access and download the text file.

• Once downloaded and imported into excel, headers are now provided in voter files.

• The precinct structure has changed, and there is no longer a separate municipal precinct. Refer to the attached Precinct District Assignment report and Municipal Code Key.

• Voting method codes have changed and can be found on the attached Voter File Template.

• I am attaching the file requested extraction report for your reference.

• Please use the link below to access and download your voter file.

Hi,

Thank you very much for contacting the Orange County Supervisor of Elections office. Your Public Records Request has been received successfully, and it's being reviewed for a response.

Please be advised that we respond to public records requests in the order they are received, please refer to the attached public records policy for more details.

[Quoted text hidden]
[Quoted text hidden]
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
Here is a link to the file you requested. Deceased voters, voters who moved out of Duval County and protected voters are not included in this file.

https://filedrop.coj.net/?ShareToken=8DC35A67382B25F34ABBAAF5A551E6165EAF28E2

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Date: 02/17/2022 @ 2:47 p.m.
Hello,
The data you are looking for can be found in our standard voter data reports. You can access these reports below, and they can be filtered to find the specific data you seek.
The following standard reports are published on the first business day following the 15th of each month. They are available for download in either text delimited or Microsoft Excel format.

1. All Eligible Voters (includes Inactive Voters)
2. All Active Voters
3. All Republican Voters
4. All Democratic Voters
5. All NPA/Minor Party Voters
6. Prior Month New Voters

Please click on link below to access these files. You'll also find a help file with instructions on downloading the files and interpreting the data.

Subject: Re: Public Record Request - November 3rd, 2020 Registered Voters

Hello,

Please see the attached messages for clarity. Thank you.

Hello,

Thank you for the response. Based on replies we received from other counties in Florida regarding data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.
We understand some or all Florida counties lack the ability to reference historical data and may only have access to a current list of
registered voters with voting history that shows 2020 GE.
Thank you,

Good Afternoon Mr.
The list you requested can be accessed via the following link:

https://www.mediafire.com/file/rk8276yrhbie3p8/Voter_List-All_voters_2020_Gen_2.10.22-Local_Labs_LLC.xlsx/file

I have also included an information sheet that will assist you with the race and history codes populating the list.
Kind regards,

To whom it may concern,
We request that you provide us the following records:
- A list of all registered voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
Voter ID
Voter name
Registered address
City
Zip code
County
Precinct
Voted in 2020 GE (Yes/No)

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq., and
specifically 52 U.S.C. § 20507(i), and under § 119.01 Fla. Stat., et. seq.
Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an
online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general
public, we request that any fees be waived.
You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in
providing these records.

Sincerely,

LocalLabs

Hi

Your request (12097) has been received and will be reviewed by our support staff.

If you need immediate assistance, please give us a call at 239-LEE-VOTE (239-533-8683)

Regards,
Lee County Elections Staff

From
<news@news.locallabs.com>
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

[Signature]

Hello,

Can you please provide an update to the status of this public record request?
Thank you very much!

LocalLabs

© LocalLabs 2022
What I can provide for you is a file with voter history for the 2020 General Election. As our database is live this list will not contain any voters that have been removed from the database since the election. This list is $10. Once we receive payment I will email you the list. Thank you

Please send a check for $10.00 made payable to Supervisor of Elections and a phone number and email address in case there are questions and mail to:

c/o Stephen Rumer  
Supervisor of Elections  
PO BOX 2545  
Fort Myers, FL  
33902

To whom it may concern,
We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.
We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Good afternoon,

Your voter data request #IT735 has been received. For your convenience, I have completed a data request form and you will be receiving a copy for your records. An invoice has been sent for the $20 data processing fee. Once payment has been made, your request will be processed.

Please note, our system is live, therefore your data will contain active/inactive voters but will not contain voters that have moved, passed away or are no longer eligible registered voters.

For your convenience, I have provided our link to our online voter data request form for future requests. You may also go to www.votepalmbeach.gov under the records/data tab or continue to request records via email.

Voter Data Request Form (https://app.smartsheet.com/b/form/2a4986502e4a4700838dd48f6daf169)

If you have any questions, please feel free to contact me.

Respectfully,

*** Please note our email address and website have changed. Please update your records accordingly. Our new website domain is www.VotePalmBeach.gov (http://www.votepalmbeach.gov/). ***

Anne Wickham

Absentee files are searchable here: https://sos.ga.gov/page/voter-absentee-files Filter for accepted ballot status to see the final list of voters. These are not modified.
Hi Janine,
Thank you for your help in this matter. Can you confirm if we take the election numbered list and the accepted ballots from the absentee files (SoS) that it would give us the total number of exact voters who voted in the November 2020 election?
Also, would it be possible to provide the Numbered List in a non .pdf file format (.xlsx, .csv, etc)?

Thank you and enjoy your weekend!

An excel file is attached. There would also be provisional voters. I have that numbered list, but the file consists of images and too large to email. Do you have dropbox?

Thank you - here is a dropbox link.
https://www.dropbox.com/request/J9kPQBjWhTXwlw6vouk
Complete

Hello,
Thank you again for your help Janine. I have received your dropbox files. Can you help me confirm these two questions?
1: If we combine both files (the numbered list and the provisional ballots) would it show us the total number of exact voters who voted in the November 3rd, 2020 election?
2: Does the precinct column in the numbered list show the precinct in which a voter registered at or voted at?

Thank you again for your help!

Yes, it should be all voters. The precinct column on the Numbered List is the precinct where the voter voted on election day.
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)

RE: OPEN RECORDS REQUEST of March 08, 2022., Reference # R074963-030822.

Dear [Redacted]

Gwinnett County received an open records request from you on March 08, 2022. Your request mentioned:

"To whom it may concern,
We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  • Voter ID
  • Voter name
  • Registration status (i.e Active/Cancelled/Other)
  • Registered address
  • City
  • Zip code
  • County
  • Precinct
  • Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

[Redacted]

LocalLabs"
No we cannot answer that question,

If you have any questions, please contact my office at 770.822.8871.

April 08, 2022

Dear [Name],

This correspondence is in response to your Open Records Act Request Reference#: R001978-031122 dated March 11, 2022. Your request sought the following:

We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

After reviewing the aforementioned request, we have identified responsive records. Records are available electronically, you will not be charged.

Fulton County has uploaded the response records to your request to the portal. You can log into the system at Open Records Center (https://u8387795.ct.sendgrid.net/s/click?upn=nZGH0ylxadMp5hTpNkeAFlrQMk-2Ff0ahD-2BlsCURZmJCNYY7d3k5F1xHg6q32x78BT9mHrvhamb6vV-2F0GdEhr9mNFaB8xMoxc61TnKOCT72Bi-2bV4oVsrV2VzNNLJ1Y1PkJ_0u3aH0wq01OC0eV-2FFreqgqPPETaYW7R-2F9z73CQL6Z-2B56eDKocMi-2Ffi4-2BS0-2Fx034C0-2F4-2Ba634Pf1Lo6UNcqt6-2Bzj-

To monitor the progress, update this request, and retrieve responsive records, please log into the Fulton County Open Records Center (https://u8387795.ct.sendgrid.net/lk/click?upn=nZGH0ylxadMp5hTpNkeAIQMKz-2FioahD-2BLsCURZmJCNY7d5k5F1xHgy6g3zX78BT9mHvham6V/2FQGdeEh9mcfNaBxMcxc61TXQOT172Bl-ZBV4oVSdrvVz2NzLHRY1Yg_j0u3ahH0wq5l03C0eV-2FtreqsqPEtAPeYW7R-2F9z73CQL6Z-2BSSeDkXocmIl-2Fji4l-2B3i-2FS043Cr3F4-2Ba634Pf1Lc6UNcp6-2Bzj-2BBKgl2jqxsF3q6mzje3IUlpPETaNChL7-2BAYHbD-2FM5Eprkp3es19qjlf5-2FhLyLoWVWy7LV9ZRP0Bcq7XQeQFDZHGYdbTiz-2FY3dDBC0UYKpHlmm0q4JzGeidQo6h9l-2BzoX84ekz470OxVRvlazlh7nqoDYRiku3zFBs1rZ0frPTWkaSrUBBr4k8Oshox56cmx1eH1OcftD6jkUK0oNv-2F-2F8mN2f02pq9nj70Ih0bm0RcLeKAIYmHsyP-2FSVbHjgpfax67YHBGMLSNqQPSi3uR73L3EWQYc)
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Good afternoon. Our office received a voter list request from your organization. I just want to clarify if you are looking for just Woodbury County voters, or a statewide list? If you are needing a statewide list, you would need to contact the Iowa Secretary of State’s Office. Thank you.

Public Record Request - Nov 3rd 2020

2 messages

To: election@blackhawkcounty.iowa.gov

To whom it may concern,
We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

  Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

  We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

  This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

  Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

  You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

  Sincerely,

          

Election Mail Box <election@blackhawkcounty.iowa.gov>

To: FOIA2 Locallabs <foia2@locallabs.com>

It’s a little unclear based on your email whether you want all the records in Black Hawk County and then have the voting activity listed in a column, or if you want only the individuals who participated in the 2020 General Election and exclude all other records.

This data would consist of updated data as the voter registration database deals with live data and does not have the ability to reference historical data. With that being said, redistricting changes were also made in the database as a result of the 2020 Census. This may cause a lot of the data’s precinct associations to differ from their prior precinct when the voter voted in 2020. Because of that, the data may become difficult to decipher or interpret from a historical perspective.
If you wish to proceed with ordering the data, please let me know whether you wish to have all records, or only the voters who voted. This data request would be subject to data charges which are described in the box below. If you wish to purchase a list of all of Black Hawk County with cancelled records, the total would be $63.64. If you wish to have only those who voted in the 2020 General Election, the total would be $33.00.

<table>
<thead>
<tr>
<th>Minimum Data Charge</th>
<th>$10.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Additional Data Charges</td>
<td>$0.50 per 1,000 records</td>
</tr>
<tr>
<td>*for lists with more than 20,000 records</td>
<td></td>
</tr>
</tbody>
</table>

Please let me know if you would like to proceed and if so which dataset you intend to purchase. I can work up an order request and send it to you to sign. Please note that we would need to receive payment before any data is transmitted. A check can be mailed to our office with your signed order request.

Let me know if you have any questions.

Josh Rozendaal
Black Hawk County Election Office

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hello,
We have your email regarding all voters who in the 2020 General Election. In order to provide you with a voter list, you will need to fill out and submit a Voter Registration Record Request Form, which I have attached. We will also need payment for the list, which for a list of all who voted that are Active, Inactive, or Cancelled status would come to $41.63 (a little over 82,000 records). A list of just Active status voters who voted would come to $38.81 (a little over 77,000 records). The only people who would not appear in the lists would be people who voted in Johnson County for the 2020 General Election but have since moved and registered in another county in Iowa. Furthermore, the list would only include those who voted, so there wouldn’t be a “Voted (Yes/No)” part of the file.

If you would like to call and get more clarification on how to fill out the form or what list you are looking for, you can contact me at the name in my signature. We will send the list upon receipt of the form and payment.

Thank you,

Alex Stanton

Voter Registration Record Request Form

Requestor Name: _________________________________  Daytime Phone: ________________

Address: _______________________________________________________________________________

Email Address: __________________________________________________________________________

Information from Voter Registration Records can only be used:
• To request a registrant’s vote at an election
  • For genuine political purpose
  • For bona fide political research
• For a bona fide official purpose by an elected official

I am aware that information from the Voter Registration Record may only be used lawfully for the reasons listed above. I understand that misuse of the information, including commercial use, is a serious misdemeanor under Iowa law. I agree to pay the cost of the above ordered list(s) and/or profile(s) before delivery.

Intended Use of List: __________________________________________________________________

Signature: ___________________________________________________     Date: ________________

Voter List: (Secretary of State does have other voter list options not listed below)

1.) Jurisdiction(s) of voters to include: _____________________________________________

2.) Type:
   a. Active
   b. Active, Pending, and Inactive

3.) Voter History Optional Information:
   a. Specific Election: _____________________________________________
   b. Last 5 elections of every type

Absentee List:

1.) Jurisdiction(s) of voter to include: _____________________________________________

2.) Elections: ________________________________________________________________

3.) Updates:       Yes*:___       No:___

   *Each update is a separate charge

List Format:  XLS or CSV     Payment Method: 

Price for a Voter List:  Cash or Check     Price: $_______

• Minimum Charge: $10.00
• Additional Charges for lists over more than 20,000 records: $1.00 per 2,000 records

Voter Lists are produced as soon as possible after an order is received. It can take up to 14 days to prepare a list. Orders received immediately before a major election may be delayed while preparations for the election are finalized.
**Voter Profiles Disclaimer**

The information contained in this Voter Profile represents all of the voter activity in our system for the requested voter. Due to system limitations, there may be inaccuracies beyond the control of the voter in question.

Signature: ________________________________  Date: __________________

**Voter Profile Information:**

Profile of Voter(s): __________________________________________________________

Is the above Profile yourself? Yes: ____  No: ____

**Price for a Voter Profile:**

- One Profile: $5.00 plus $0.50/copy*
- Five to Ten Profiles: $25.00 plus $0.50/copy*
- Print out of your own Voter Profile: Free
- Images of Voter Registration: $10 plus $0.50/copy*

*Not all Voter Profiles have the same number of pages, so per copy costs may vary depending on Voter Profile.

Payment Method:

- Cash or Check

Price: $______

Voter Profiles are produced as soon as possible after an order is received. It can take up to 14 days to prepare a profile. Orders received immediately before a major election may be delayed while preparations for the election are finalized.
Public Record Request - November 3rd, 2020 Registered Voters

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

To          <news@news.locallabs.com>
Date        03/08/2022 @ 3:13 p.m.
Hi

We’ll work on compiling the report. While we’re doing that, if you’re looking for this information for the entire state, it may be more efficient to make the request to the Secretary of State’s office. The information we reference is from a database the SoS hosts.

I’m anticipating that we’ll be able to pull this together this week and will let you know if there are any delays.

Thanks,

Matt

Voter List Specifications and Order Form

Personal Information  Complete all blanks.
Name: ___________________________  Daytime Phone: ___________________________
Organization: ___________________________  Email: ___________________________
Address: ___________________________

Information from voter registration records can only be used:
- To request a registrant’s vote at an election
- For bona fide political research
- For a bona fide official purpose by an elected official
- For a genuine political purpose

Linn County makes no warranties, expressed or implied, including without limitation, any warranties of merchantability or fitness for a particular purpose. In no event shall Linn County be liable for lost profits or any consequential or incidental damages caused by the use of this voter list and/or voter dataset.

I am aware that information from voter registration records may be used lawfully for the reasons listed above. I understand that using the information for any commercial purpose is a serious misdemeanor under Iowa law. I agree to pay the cost of the above ordered list upon delivery.

Signature: ___________________________  Date: ___________________________

Lists are produced as soon as possible after an order is received. It can take up to 14 days to prepare a list. Orders received immediately before major elections may be delayed while preparations for the election are finalized.

Voter List Blackout Period: There will be a voter list blackout period twenty-nine days prior to General Election Day. A voter list can be requested through the Secretary of State’s Office during this time.

Cancel this order if the list cannot be completed by (date): ___________________________

Statewide and congressional lists must be produced by the Secretary of State’s Office. Linn County may only produce lists for districts of which are wholly in the county.

Price for Lists:
- The minimum data charge is $10.00 for voter lists 20,000 records or less. For lists more than 20,000 records, the cost is $0.50 per 1,000 records.

Additional Pricing Information
- Paper voter list cost $0.10 per page plus any data charge(s).
- Household mailing labels cost $0.27 per sheet (30 labels per sheet) plus any data charges.
- Our department will email a paid voter list for free if requested.

Acceptable Payment Methods:
- Cash
  - Cash payments must be for the exact amount.
  - Our department does not have cash on hand for making change.
- Check
  - Check payments must be for the exact amount.
  - Please make checks payable to Linn County Treasurer.
- Credit Card
  - Free service. No convenience fee.
Data  Describe the voters to be included. Specify that which differentiates them from the ones you do not want included.

Only “Active” voters will be included, unless specified in the order.

List Type  Check one or more of the boxes below.

☐ Electronic List  ☐ Email  ☐ USB Drive ($5)

The records will include the registration address, mailing address, and the name and code of the precinct. Social Security numbers, driver license numbers, and non-operator ID numbers are not included in any list.

Do you want vote history?  ☐ Yes  ☐ No  Vote history is only available for electronic lists.

Vote history from up to eight (8) specific election dates:

1. ______________________________  5. ______________________________
2. ______________________________  6. ______________________________
3. ______________________________  7. ______________________________
4. ______________________________  8. ______________________________

☐ Paper (printed) List

In what sequence do you want the voters listed? (by last name, by precinct, etc.) ______________________________

☐ Household Mailing Labels - This will produce one mailing label for each unique address.

☐ Absentee Reports

Delivery  Check one box below.

☐ Pick up at the Linn County Election Services Department, where I will pick up and pay for the list.

☐ Email – The list will be sent to the email address provided in the personal information section. The email address will need to be verified before the list is emailed.

Send the completed form to:

Good Morning-

Please know we have received your FOIA request and it is listed below. Please complete the attached
document and return in order for us to proceed. In addition, please know we do not waive any fees and the
minimum is $10 for a report. Thank you.

To whom it may concern,
This is a follow up email in regards to our initial request for information from 03/08/2022.
Please confirm receipt of this email if possible.
We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please
include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)
Based on replies we’ve received from other counties' data changes since the election, we
just wanted to confirm if this data represents an exact list of voters who voted in the 2020
General Election or an updated list based on voters who may have moved, passed away or
had their data changed for any other reason.
We understand some or all counties lack the ability to reference historical data and may
only have access to a current list of registered voters with voting history that shows 2020
GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act
Please provide the records in electronic format, either in the original file format, or as a
CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as
Dropbox). As a media organization requesting these records primarily for the benefit of
the general public, we request that any fees be waived.
You may reply to us with the documents or with any questions at foia2@locallabs.com.
We appreciate your prompt assistance in providing these records.

Good Morning-

The Iowa voter data system does not provide a snapshot of historical data. Therefore, we can provide a current list of registered voters with voting history that shows 2020 GE. Please confirm you would still like this data and we can get it pulled for you? Thank you.

Kerri

Hello, please see attached.
[Quoted text hidden]
[Quoted text hidden]
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
RE: PUBLIC RECORDS REQUEST of April 19, 2022, Reference # P000595-041922.

Dear [Name]

Your invoice is ready. Please review the attached file or login to the Polk County, Iowa Public Records Center to view details.

You can make payment by check or money order, payable to: Polk County Auditor's Office (Administration) and mail to:

Polk County Auditor’s Office (Administration)
c/o Carl Wiederaenders
111 Court Avenue, Room 230
Des Moines, IA 50309

Please write your invoice number in the memo line or include a copy of your invoice with your payment. Payment should be made within 30 days. Failure to make payment could result in the closure of the request and require a new submission if the record is still desired.

Sincerely,

Carl Wiederaenders
Assistant County Auditor
Polk County Auditor's Office (Administration)

To monitor the progress or update this request please log into the Public Records Center
The $135 charge will get you the list as you requested it.

To monitor the progress or update this request please log into the Public Records Center.
Yes

To monitor the progress or update this request please log into the Public Records Center
RE: PUBLIC RECORDS REQUEST of April 19, 2022, Reference # P000595-041922.

Dear [Name]

We have not received your payment on invoice number INV22-P000595-1 for Public Records requested by you on April 19, 2022 with Request Number P000595-041922.

Please review the attached file or login to the Polk County, Iowa Public Records Center to view details.

You can make an online payment by clicking on the above link. Or you can make payment by check or money order, payable to: Polk County Auditor's Office (Administration) and mail to:

Polk County Auditor's Office (Administration)
c/o Carl Wiederaenders
111 Court Avenue, Room 230
Des Moines, IA 50309

Please write your invoice number in the memo line or include a copy of your invoice with your payment. If the payment is not received within (10) Business days from 05/20/2022, Polk County Auditor's Office (Administration) will consider your request closed. Once the request is closed, a new public records request will need to be submitted if the record is still desired.

Sincerely,

Carl Wiederaenders
Assistant County Auditor
Polk County Auditor's Office (Administration)

To monitor the progress or update this request please log into the Public Records Center.

Hello Mr. [redacted]

Attached is your FOIA response.

Regards,

Lisa Williams  
Director of Communications  
Office of the Wayne County Clerk,  
Cathy M. Garrett

Disclaimer: This email is covered by the Electronic Communication Privacy Act, 18 U.S.C. Section 2510-2521 and is legally privileged. The accompanying message and any attachments are for the sole use of the intended recipients and may contain proprietary and/or confidential information which may be privileged or otherwise protected from disclosure. Any unauthorized review, use, disclosure or distribution is prohibited. If you are not the intended recipients, please contact the sender by reply mail and destroy the original message and any copies of the message as well as any attachments to the original message. Thank you for your cooperation.
Thank you for contacting my office.

Please let this email serve as confirmation of your email request and as a response to any questions posed as the most common are answered below. You do not need to email clerk@ingham.org if you have received this message to resend any materials for your request.

If you are filing an Election document, electronic submission is not acceptable as originals must be filed. Campaign Finance documents, with the exception of Statements of Organization, may be filed electronically.

Requests will be processed as quickly as possible between the hours of 8am and 5pm Monday through Friday. Please note, while both offices are open for walk-in customers, we are closed from approximately 12:30 p.m. to 1:30 p.m. each day for lunch.

Please be advised: masks are required in Ingham County buildings.

Many transactions may be conducted online at clerk.ingham.org or via email and US Mail.

**Elections**

To check your voter registration status, see your sample ballot, determine your polling location or to request an absent voter ballot and track it, please visit [mvic.sos.state.mi.us](https://mvic.sos.state.mi.us/).

**Marriage Licenses**

To obtain a marriage license, at least one party must physically visit the Mason Historical Courthouse or the Lansing Branch Office. The person appearing in the office must be an Ingham County resident and must present a valid Michigan Driver's License or Michigan Identification Card and provide Social Security Numbers for each party.

Please keep in mind that a Michigan Marriage License will expire 33 days from the day the application is submitted and may be available for pickup three days after application, unless a Waiver is granted.

You may apply for your Marriage License online here [eweb.ingham.org/](https://eweb.ingham.org/clerk/eagleweb/enterDoc.jsp?docType=OnlineMarriage&Create=Create%20a%20Marriage%20License%20Application).

**Vital Records**

If you are in need of a certified copy of a Birth Record for an individual born in Ingham County, please complete the form located here [clerk.ingham.org/Department/County%20Clerk/Birth%20Record%20Request%20Form%20(revised%2001-2020).pdf](https://clerk.ingham.org/Department/County%20Clerk/Birth%20Record%20Request%20Form%20(revised%2001-2020).pdf) and submit it along with a copy of your photo identification via email to clerk@ingham.org.

Requesting a birth record that is less than 100 years old requires government-issued photo identification.
If you are in need of a certified copy of a **Marriage License**, please complete the form located here ([https://clerk.ingham.org/document_center/County%20Clerk/Vital%20Records/Marriage%20Certificate%20Request%20Form%20(revised%202020).pdf](https://clerk.ingham.org/document_center/County%20Clerk/Vital%20Records/Marriage%20Certificate%20Request%20Form%20(revised%202020).pdf)) and submit it via email to clerk@ingham.org (mailto:clerk@ingham.org) or call 517-676-7201 to order over-the-phone.

If you are in need of a certified copy of a **Death Certificate**, please complete the form located here ([https://clerk.ingham.org/document_center/County%20Clerk/Vital%20Records/Death%20Certificate%20Request%20Form%20(revised%202020).pdf](https://clerk.ingham.org/document_center/County%20Clerk/Vital%20Records/Death%20Certificate%20Request%20Form%20(revised%202020).pdf)) and submit it via email to clerk@ingham.org (mailto:clerk@ingham.org) or call 517-676-7201 to order over-the-phone.

**Concealed Pistol Licenses**

Ingham County Residents may apply for a Concealed Pistol License (CPL) via first come, first serve walk up at either office location, or residents may schedule and appointment for a guaranteed time by calling 517-676-7201. The application form is located here ([https://clerk.ingham.org/document_center/County%20Clerk/CPL/NEW%20CPL%20APPLICATION.pdf](https://clerk.ingham.org/document_center/County%20Clerk/CPL/NEW%20CPL%20APPLICATION.pdf)).

Concealed Pistol License application processing is available each day until 4:00 p.m.

**Current CPL holders may renew online [here](https://cplrenewal.msp.state.mi.us/CPLOnline/!).**

If you are emailing to check the status of your CPL Application, that information cannot be discussed via email or phone without proof of your identity. Please provide a copy of your government-issued photo ID and phone number and my staff will contact you.

**Clerk of the Board Meeting Minutes**

As County Clerk, I serve as Clerk of the Board of Commissioners. If you would like to view past or proposed (draft) Minutes of committee meetings or meeting of the entire board, please click here ([https://clerk.ingham.org/departments_and_officials/county_clerk/clerk_of_the_board_of_commissioners.php](https://clerk.ingham.org/departments_and_officials/county_clerk/clerk_of_the_board_of_commissioners.php)).

**Circuit Court Records**

If you are in need of Circuit Court Records, please contact the Circuit Court Clerk's Office at 517-483-6500 or CircuitCourtRecords@ingham.org (mailto:CircuitCourtRecords@ingham.org)

Again, thank you for contacting my office.

Sincerely,

*Barb Byrum, JD, CERA*

Ingham County Clerk

Good afternoon,

Attached, please find the requested voter list. Please note, the list does not exactly match the voters on Election Night, as the Voter File pulls information in real time and if voters have updated information since November 2020, they might not appear on this list.

Please feel free to contact me if I may be of further assistance.

Sincerely,

Hello

I have attached a voter list from November 3, 2020 General Election per the State of Michigan requirements. I am unable to provide Voter ID # but everything else you requested will be on this list of voters. I also wanted to let you know like other counties here in Michigan, our voter list does change and we don't have access to historical list of everyone from November, 2020 due to moving, deaths and other changes. I will attach the Excel file to this email for you to review if you have any other questions or concerns please let me know.

Thank you,
Shardae Chambers

Good morning,

I will be sending multiple emails as the entire file is too large to send in an email. The files will indicate the range of which jurisdictions are in that file alphabetically. These requests will not contain voters who voted in the November 3, 2020 General Election that have moved or passed away.

Thank you,

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/CANCELLED/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Trish Reilly has shared the folder with you.

Note From Trish:

Good Morning,

Here is the list that was originally sent on March 9, 2022. Please confirm receipt and note this is a current list of registered voters with voting history that shows 2020 GE.

Thank you.

Office 365

Your message to erin.norton@kentcountymi.gov couldn't be delivered.
erin.norton wasn't found at kentcountymi.gov.

How to Fix It
The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365 (https://go.microsoft.com/fwlink/?LinkId=532972), and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft (https://go.microsoft.com/fwlink/?LinkId=525921).

More Info for Email Admins
This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn’t exist at the destination domain. The error is reported by the recipient domain’s email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don’t fix the problem, and you’re the email admin for the recipient, try one or more of the following:

**The email address exists and is correct** - Confirm that the recipient address exists, is correct, and is accepting messages.

**Synchronize your directories** - If you have a hybrid environment and are using directory synchronization make sure the recipient’s email address is synced correctly in both Office 365 and your on-premises directory.

**Errant forwarding rule** - Check for forwarding rules that aren’t behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

**Recipient has a valid license** - Make sure the recipient has an Office 365 license assigned to them. The recipient’s email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

**Mail flow settings and MX records are not correct** - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365 ([https://go.microsoft.com/fwlink/?LinkId=532972](https://go.microsoft.com/fwlink/?LinkId=532972)).

Hello,
Thank you for your response in regards to this request. Unfortunately, the request on the portal appears to be closed but I do not see any data attached. Can you confirm if this is a mistake? Also, can you confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason? We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Thank you again!

Wed, Apr 20, 2022 at 2:40 PM

Hello,
Our Election Director emailed the requested information to the mailto:news@news.locallabs.com address on 4/11/22. That email is attached, and I will also forward it to the foia2@ address.

It is NOT an exact replica of all voters from Kent County in November 2020, but a list of current residents of Kent County who voted in November 2020. As with the other counties, we lack the ability within our Qualified Voter File to run a complete report at the county level of every voter in any given election.

Sincerely,

Rob Macomber

If you fill out the attached form, you can get all that information for $10. The voter database is live, not static, so if someone has moved, died, or been cancelled for another reason they will not appear in the list.

Thank you,

Goce Nedanovski
Macomb County Election Department
32 Market St, Mount Clemens
586-469-5209

Subject: Update - Public Record Request - November 3rd, 2020 Registered Voters

To whom it may concern,

This is a follow up email in regards to our initial request for information from 03/08/2022. Please confirm receipt of this email if possible.

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Subject: [Records Center] County: Freedom of Information Act (FOIA) Request :: F000154-041922

Body:

Dear [Redacted]

In regards to the County: Freedom of Information Act (FOIA) Request received on 4/19/2022 requesting records, the records have been in "Requested Clarification" status for fifteen (15) days. The Livingston County considers this request closed. If you would still like the records, please submit another County: Freedom of Information Act (FOIA) Request. Thank you for using the FOIA Center.
RE: PUBLIC RECORDS REQUEST of April 19, 2022, Reference # F000154-041922

Dear [Name],

Livingston County received a public information request from you on April 19, 2022. Your request mentioned:

“We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list of active voters in Livingston County that voted in the November 2020 election.

This letter is to clarify exactly what information you are seeking from Livingston County.

Are you requesting a list of voters in all of Livingston County (2 cities and 16 townships) or in a specific jurisdiction? Are you requesting two reports which include: A list of voters that voted in 2020 General Election and an updated list of active voters in Livingston County that voted in the November 2020 election.

If you would like Livingston County to proceed with your public information request, please provide clarifications within fifteen (15) days from 04/27/2022. Otherwise, Livingston County will consider your request withdrawn.

You may provide a response to Livingston County by any of the following methods:

1. by responding to this email
2. by facsimile to 517-546-4354
Upon receipt of your clarification, Livingston County will further respond to your Michigan Freedom of Information Act Request as required by law, including providing you with an estimate of costs, if any, associated with producing the requested record(s).

If you have any questions, please contact my office at 517-540-8754. Thank you for your attention.

Sincerely,

Marissa Mattioli
Elections Assistant
County Clerk Elections

Dear [Redacted],

Thank you for your interest in public records from Livingston County. Your request has been received and is being processed in accordance with the Michigan Freedom of Information Act, Public Act 422 of 1976, as amended, MCL 15.231 et. seq. Your request was received in this office on 4/19/2022 and given the reference number F000154-041922 for tracking purposes.

Records Requested: We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Your request will be forwarded to the relevant County department(s) to locate the information you seek and to determine the volume and any costs associated with satisfying your request. You will be contacted about the availability and/or provided with copies of the records in question.

PLEASE NOTE: The Michigan Freedom of Information Act does not require a public body to make a compilation, summary or report of information except as provided in Section 11 of FOIA for a State Agency. The County is not required to provide records in a digital format or on digital media if the County does not already have technological capability do to.

You can monitor the progress of your request at the link below and you will receive an email when your request has been completed.
Again, thank you for using the Livingston County FOIA system.

FOIA2 Locallabs <foia2@locallabs.com> Thu, Apr 7, 2022 at 12:30 PM

To: Plante Jennifer <plante.jennifer@co.olmsted.mn.us>

Hello,
Thank you for your response. Before continuing with our request, I have a brief question about the data that is available. Based on replies we’ve received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list...
Good morning-

As stated in my prior correspondence, Olmsted County cannot and will not provide any data in response to your request.

The State of Minnesota is exempt from the requirements of the National Voter Registration Act regarding public inspection of documents pursuant to 52 U.S.C. § 20503(b)(2). Furthermore, Minnesota Statutes Section 201.091 prohibits access to this information to anyone who is not a registered voter in the State of Minnesota.

Thank you for your interest in Olmsted County.

Sincerely,
Jennifer Plante

We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:

  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

***CAUTION: This email was sent from outside of Hennepin County. Unless you recognize the sender and know the content, do not click links or open attachments.***
To whom it may concern,

We request that you provide us the following records:

Dear Mr.

Paul A. Linnell <Paul.Linnell@co.anoka.mn.us> Thu, Mar 31, 2022 at 9:48 AM

To: "foia2@locallabs.com" <foia2@locallabs.com>

---
Thank you for your follow up as we did not receive your initial email dated 03/08/22.

In response to your request, information on registered Minnesota voters, including voting history, is only available to registered Minnesota voters, and may only be used for purposes related to elections, political activities, or law enforcement (Minnesota Statutes 201.091). The public information list is a current list of the active registered voters as of the date that the report is generated.

Reports covering all counties in Minnesota are available in a variety of formats for $46 through the Office of the Secretary of State (https://www.sos.state.mn.us/election-administration-campaigns/data-maps/registered-voter-list-requests/). Anoka County is only able to generate a PDF file of the public information list for voters in Anoka County. If you wish to request this data from Anoka County, please advise if you are a registered Minnesota voter and are requesting the data for the permitted purposes and we can respond to your request.

Kind regards,

Paul Linnell
Elections Manager
Anoka County
(763) 324-1304

  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,
Hello,
Thank you for your response. If you could please help clarify this point mentioned in the original email before I send you over payment/documentation, it would be greatly appreciated.
Thanks!

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Mr.

All counties in Minnesota use the same system. In fact, you could make this request from the Secretary of State’s Office and pay a single fee, rather than pay each county.

A voter history list likely reflects changes since the election. Viewing or requesting a copy of the rosters that voters signed from a particular election is a different product and would contain what it implies.

-Andy Lokken
In response to your public record request,

The county does not have the ability to create a report with the information you are requesting, you need to contact the MN Secretary of State's Office to request a voter list.

As outlined in MN Statute 201.091, to obtain a registered voter list, you would request the list directly from the MN Secretary of State's Office. In order to request the list, you must be a registered voter in the State of Minnesota and the information contained in the list must only be used for purposes related to elections, political activities, or law enforcement. Additional information on requesting the information can be found on the MN Secretary of State's website at the following link: [https://www.sos.state.mn.us/election-administration-campaigns/data-maps/registered-voter-list-requests/](https://www.sos.state.mn.us/election-administration-campaigns/data-maps/registered-voter-list-requests/)

Thank you.

-Phil

Good Afternoon,

The data for New Hanover County that you have requested is available to the public via the North Carolina State Board of Elections website, www.ncsbe.gov. Specifically, please see the following two data sources. These two files are joinable matching on NCID.

- Statewide voter history file, located at https://www.ncsbe.gov/results-data/voter-history-data (filter the election_lbl column for 11/03/2020)
- Statewide voter registration file, located at https://www.ncsbe.gov/results-data/voter-registration-data

If you have any questions, please contact the NC State Board of Elections at (919) 814-0700.

Thanks,

Rae

0100017f6b5b513f-ee5... Office 365 mtoomer

Action Required
Recipient

Unknown To address

How to Fix It
The address may be misspelled or may not exist. Try one or more of the following:

• Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don’t select it. After typing the complete address, click Send.
• Contact the recipient (by phone, for example) to check that the address exists and is correct.
• The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they’ve set up is working correctly.
• Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365 (https://go.microsoft.com/fwlink/?Linkid=532972), and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you’re an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft (https://go.microsoft.com/fwlink/?LinkId=525921).

More Info for Email Admins
This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn’t exist at the destination domain. The error is reported by the recipient domain’s email server, but most often it must be fixed by the person who sent the message. If the steps in the How to Fix It section above don’t fix the problem, and you’re the email admin for the recipient, try one or more of the following:

**The email address exists and is correct** - Confirm that the recipient address exists, is correct, and is accepting messages.

**Synchronize your directories** - If you have a hybrid environment and are using directory synchronization make sure the recipient’s email address is synced correctly in both Office 365 and in your on-premises directory.

**Errant forwarding rule** - Check for forwarding rules that aren’t behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

**Recipient has a valid license** - Make sure the recipient has an Office 365 license assigned to them. The recipient’s email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

**Mail flow settings and MX records are not correct** - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365 (https://go.microsoft.com/fwlink/?LinkId=532972).

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)
Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

What type of data are you looking for?

Voter History Report

Select all applicable fields to be included in the voter registration or history report:

Age at Year End
Congressional Districts
Ethnicity
Gender
Judicial District
Mailing Address
Municipality
NC House Districts
NC Senate Districts
Name
Precinct
Registration Date
Residential Address
School Board District
Status
Superior Court District
Telephone Number
Voter Registration Number
Ward

Please provide additional details on your voter registration or history report if applicable:

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason. We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

If you chose Jurisdictional Map(s), Campaign Finance Report(s), Statistics Report(s), or Other in the "Type of Record Request" section, please complete the section below.

Please provide details on the documentation requested:

In what format would you like to receive your data?

Electronic Data (Free-Excel Download)

Thank you,
Durham County

Hello

This email is to inform you that your request for the following has been fulfilled:

The request notes are a bit unclear as to what “this data represents.” Assuming the data referred to is the voter history export on our public records page of our website, then that list is compiled of currently registered voters who are either active or inactive and doesn’t include voter history for voters who are no longer registered in the county. This report is updated monthly. In terms of accessing historical data, counties in North Carolina, including this one, can search for individual voter histories for removed voters who were once registered in their county. This information is also provided online through the State Board of Election’s Voter Look Up tool found here: https://vt.ncsbe.gov/RegLkup/. Additionally, we do retain our monthly reports in an archived status for reference if needed.

REQUEST TYPE: ELECTRONIC DATA

REQUEST NOTES: Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason. We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

QUANTITY: 1

Your total cost upon pick-up of this record will be 0 dollars. If the request is for electronic data, please find the data attached or via a link below.

If you have any questions, please contact me at 919-560-0700.

Thanks,

The Public Information Division
To whom it may concern,

Greetings,

Thank you for your email request. The data you have requested are available to the public via the North Carolina State Board of Elections website, www.ncsbe.gov. Specifically, please see the following two data sources. These two files are joinable matching on ncid.

- Statewide voter history file, located at https://www.ncsbe.gov/results-data/voter-history-data (filter the election_lbl column for 11/03/2020)
- Statewide voter registration file, located at https://www.ncsbe.gov/results-data/voter-registration-data

Voter Registration Data - NCSBE

Overview. Access various types of North Carolina voter registration data on this page. View current voter-level registration records or snapshots of voter registration records across 15+ years. You may also view current group-level voter demographic counts or election-specific voter demographic counts over the last 20+ years. Looking for National Voter Registration Act data? www.ncsbe.gov

Thank you.

Mr. –

The State Board of Elections has a dedicated site for voter history records from not only Gaston County but all counties in the state of North Carolina. Here is the link -- https://www.ncsbe.gov/results-data/voter-history-data

The records are the full list of voters who voted in each election.

Please let me know if you have any other questions.

Thanks,
Adam

Hello,

Your records request has been received. We will begin searching for the public records relevant to your inquiry as promptly as possible. Please note that some requests may take more time than others to fulfill in light of the document volume, other pending public record requests, locations of our records, or other factors inherent in each request.

Please direct any questions to me in the interim. Brett Vines, Communications Officer for the Board of Elections will be in touch with a response to your request once the review process is complete.

Thank you,

- Precinct
- Voted in 2020 GE (Yes/No)

The Statewide voter registration file, located at [https://www.ncsbe.gov/results-data/voter-registration-data](https://www.ncsbe.gov/results-data/voter-registration-data), contains records of individuals registered and formerly registered to vote in North Carolina. Formerly registered ('Removed') voters are omitted from the file only if their most recent last-voted date is greater than 10 years. See voter_status_desc column for registration statuses.

So as long as you do not filter the voter_status_desc column before joining with the Voter History file (filtered for 11/3/2020 general), your resulting dataset should include currently registered and formerly registered (i.e. removed) voters who voted in the 11/3/2022 general election.

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hi Bill,

Thanks for getting back to me. Can you confirm that the day you ran the query shows the exact voters who voted in the November 3rd 2020 election, or an updated list?

Thanks again for your help!

Good morning, Mr. 

Voter records are not kept at the County. Voters must register and records are kept by the cities/towns of residence here in New Hampshire. Sorry we are unable to assist with your data. You will have to contact each city and town in the State of NH for the information you requested, or possibly the Secretary of State. [www.sos.nh.gov](http://www.sos.nh.gov)

Warmly,

Janet Hilber, Administrative Assistant/Deputy Treasurer

Hello,

The data you are looking for can be found in our standard voter data reports. You can access these reports below, and they can be filtered to find the specific data you seek.

The following standard reports are published on the first business day following the 15th of each month. They are available for download in either text delimited or Microsoft Excel format.

1. All Eligible Voters (includes Inactive Voters)
2. All Active Voters
3. All Republican Voters
4. All Democratic Voters
5. All NPA/Minor Party Voters
6. Prior Month New Voters

Please click on link below to access these files. You'll also find a help file with instructions on downloading the files and interpreting the data.

  - Voted in 2020 GE (Yes/No)
This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq., and specifically 52 U.S.C. § 20507(i), and under § 119.01 Fla. Stat., et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Please note: Florida has a very broad public records law. Written communications to or from the Supervisor of Elections regarding business constitute public records and are available to the public and media upon request unless the information is subject to a specific statutory exemption. Therefore, your e-mail address and message may be subject to public disclosure.
Hello,

Thank you for the response. Based on replies we received from other counties in Florida regarding data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all Florida counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE.

Thank you,
Hello,

I apologize for the delayed response, your e-mail was filtered to our spam folder. That is a current voter list, which includes voters who have registered since the election, and does not include voters who have moved, died or become ineligible to vote since the election.

RE: Update - Public Record Request - November 3rd, 2020 Registered Voters

Good morning,

Our office responded to this request on 3/11/2022. Please let us know if you did not receive that original message which stated: “On February 17, 2022 we provided a link to our standard data reports. That it is a current voter list, which includes voters who have registered since the election, and does not include voters who have moved, died or become ineligible to vote since the election.”

If you have any questions, please let us know.

To whom it may concern,
This is a follow up email in regards to our initial request for information from 03/08/2022. Please confirm receipt of this email if possible.

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Kari,

This is all I have in reply to him. I don’t know if it went any further.

Nancy

Thank you for reaching out to our office about voter data. To request voter data, you will need to fill out the attached form. Once you have completed the form, please scan it back to me. When completing the attached form, it is important you are specific as to what data you are requesting (for example, all registered voters who participated in the 2020 General Election). Please note that the Bernalillo County Clerk’s office charges $4 per 1000 (one thousand) records. There are nearly 450,000 registered voters within the county.

Our data is live and not historical so your file will include the current status and address of voters who participated in the selected election.

Before you purchase the data, we will provide a quote to you and after your approval will proceed to process the request. Once you have made payment for the data, then we will send your file electronically via email. If you have any further questions, please do not hesitate to contact me. You can call me directly at the number below.

Kari Fields  
BOE Coordinator  
Bernalillo County

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
Dear Mr.

This is to acknowledge receipt of your e-mail below asking for voter information about the 2020 election. This is your notice under the Inspection of Public Records Act, NMSA 14-2-8(D), that Sandoval County will need additional time to respond to your request. We will respond to you further within fifteen days.

Ave atque vale!

Michael Eshleman

This Message has originated outside your organization.

To whom it may concern,

This is a follow up email in regards to our initial request for information from 03/08/2022. Please confirm receipt of this email if possible.

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

Michael Eshleman

LocalLabs
Dear Mr. [Name],

This is to respond to your request for information on electors who voted in the 2020 election.

The information you seek is contained in a database held by the New Mexico Secretary of State. As the records you seek are not in the possession of Sandoval County, I am forwarding your request to the Secretary of State’s Office under the provisions of NMSA 1978, Section 14-2-8(E), which states “In the event that a written request is not made to the custodian having possession of or responsibility for the public records requested, the person receiving the request shall promptly forward the request to the custodian of the requested public records, if known, and notify the requester.”

The contact information for IPRA requests to the Secretary of State’s Office is:

New Mexico Secretary of State, 325 Don Gaspar, Suite 300, Santa Fe, NM 87504. E-mail requests may be made to the following address: ipra.sos@state.nm.us. You may also send your request via facsimile to 505-827-4387.

This closes your public records request.

Ave,

Michael Eshleman

Legal Department  
County of Sandoval  
Post Office Box 40  
Bernalillo, New Mexico 87004
Hello,

Thank you for your response, and for forwarding our request to the Secretary of State's office. I am wondering if there have been any updates made to our request.

Thank you.

FW: Public Record Request - November 3rd, 2020 Registered Voters

Good afternoon,

We would just like to let you that we have received your request. Currently, we are working on preparing for the upcoming election and it may take some time for us to get staff to complete the request but rest assured that it will be submitted to our IT division for processing.

Also, our VR list have changed from the 2020 election and updates/removals of records may have occurred between November of 2020 to present.

Please also note that there will be an amount due of $.01 per record not to exceed $130.00 (this includes download fee) unless the request needs additional information process.

Kindly confirm to proceed on your request.

Thank you.
Christine

Voter List from 2020 General Election

From  "Carmen, Heather" <HCarmen@washoecounty.gov>
To  "news@news.locallabs.com" <news@news.locallabs.com>
Date  03/14/2022 @ 4:56 p.m.

Mr. [Initial]

Our office has received your request for a list of voters. Based on the criteria you have provided us, and the charge is .01 cent per name, the cost for this list will be $3,403.01. Once we receive payment the list will be saved to a CD to either be mailed or picked up at our office.

Thank you,

Heather Carmen

Hello,

Thank you for your response. If you could please help clarify this point mentioned in the original email before I send you over payment, it would be greatly appreciated.

Thanks!

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

The data that we will be able to provide is a list of all voters that are on the voting rolls at a specific point in time, (March 14, 2022), that may or may not have vote credit for the 2020 General Election and regardless of their current status, meaning they may be “Active”, “Inactive”, “Canceled”, “Pending”, or “Fatal Pend”. As we get further away from a specific point in time the data does change. This list only represents individual voters that received vote credit.

RE: Reference # R000169-050522, Right to Know Request of April 29, 2022.

Dear Tracey Wyatt,

York County, PA received a Right to Know Request from you on April 29, 2022. You requested the following information:

“To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  + Voter ID
  + Voter name
  + Registration status (i.e Active/CANCELLED/Other)
  + Registered address
  + City
  + Zip code
  + County
  + Precinct
  + Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.
This request is being made under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, Pennsylvania Right to
Know Law, 65 §66.1 et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by
email or an online file hosting service (such as Dropbox).

We appreciate your prompt assistance in providing these records.

Sincerely,

Tracey Wyatt

When the RTKL conflicts with another state law, the other law’s provisions regarding access to records applies. See 65 P.S. § 
67.3101.1 (“[i]f the provisions of this act regarding access to records conflict with any other federal or state law, the provisions of 
this act shall not apply”).

When examining the conflict between the Election Code and the RTKL, the OOR has found that, while the Election Code makes 
many records in the custody of the Election Board subject to public inspection by qualified electors, 25 P.S. § 2648, it does not 
make these records unconditionally available to the public. See Obernier v. Crawford Cnty., OOR Dkt. AP 2017-2107, 2018 PA 
O.O.R.D. LEXIS 110 (analyzing Section 2648 of the Election Code and noting that it “creates a separate process for obtaining 
these records and conditions the public inspection and copying: 1) to qualified electors of the county (emphasis added), 2) during 
ordinary business hours, and 3) when the records are not being used by the elections board”); see also Bloch v. Adams Cnty., 
OOR Dkt. AP 2018-2227, 2019 PA O.O.R.D. LEXIS 95. These records are not unconditionally public under the Election Code and 
qualifications apply before access may be granted.

The Election Code provides, as follows: The records of each county board of elections, general and duplicate returns, tally papers, 
affidavits of voters, nomination petitions, certificates and papers, other petitions, appeals, witness lists, accounts, contracts, 
reports and other documents and records in its custody, except the contents of ballot boxes and voting machines, including any 
electronic representations of ballots, and records of assisted voters, shall be open to public inspection, except as herein provided, 
and may be inspected and copied by any qualified elector of the county during ordinary business hours, at any time when they are 
not necessarily being used by the board, or its employees have duties to perform thereto.

These restrictions and conditions under the Election Code require that most records available under the Election Code shall only 
be open to public inspection by local registered voters and only in the presence of a member or authorized employee of the county 
election board and shall be subject to proper regulation for safekeeping of the records and documents, and subject to the further 
provisions of the Act.

You have the right to appeal any denial in writing to Office of Open Records, 333 Market Street, 16th Floor, Harrisburg, PA 17101-
2234. Your appeal must be filed with the Office of Open Records within fifteen (15) business days of the date of this letter.

Sincerely,

Aggie Puleo
Paralegal
Solicitor’s Office

Just make a note of this county giving us a denial.
[Quoted text hidden]

--
Looks like they are just denying our request here Tracey - nothing further that can be done.

[Quoted text hidden]
RE: Reference # R000205-052722, Right to Know Request of May 27, 2022.

Dear Tracey Wyatt,

County of York received a Right to Know Request from you on May 27, 2022. You requested the following information:

“We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  Voter ID
  Voter name
  Registration status (i.e Active/Cancelled/Other)
  Registered address
  City
  Zip code
  County
  Precinct
  Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.”

Please be advised that this is the second request you submitted for this same information. The previous request number was #R000169-050522, which we responded to on June 6, 2022. The County is not obligated under the RTK Law to respond to
duplicate requests. We will provide the information previously provided, however, the County will not respond to any further requests for the same information.

When the RTKL conflicts with another state law, the other law’s provisions regarding access to records applies. See 65 P.S. § 67.3101.1 (“If the provisions of this act regarding access to records conflict with any other federal or state law, the provisions of this act shall not apply”).

When examining the conflict between the Election Code and the RTKL, the OOR has found that, while the Election Code makes many records in the custody of the Election Board subject to public inspection by qualified electors, 25 P.S. § 2648, it does not make these records unconditionally available to the public. See Obernier v. Crawford Cnty., OOR Dkt. AP 2017-2107, 2018 PA O.O.R.D. LEXIS 110 (analyzing Section 2648 of the Election Code and noting that it “creates a separate process for obtaining these records and conditions the public inspection and copying: 1) to qualified electors of the county (emphasis added), 2) during ordinary business hours, and 3) when the records are not being used by the elections board”); see also Bloch v. Adams Cnty., OOR Dkt. AP 2018-2227, 2019 PA O.O.R.D. LEXIS 95. These records are not unconditionally public under the Election Code and qualifications apply before access may be granted.

The Election Code provides, as follows: The records of each county board of elections, general and duplicate returns, tally papers, affidavits of voters, nomination petitions, certificates and papers, other petitions, appeals, witness lists, accounts, contracts, reports and other documents and records in its custody, except the contents of ballot boxes and voting machines, including any electronic representations of ballots, and records of assisted voters, shall be open to public inspection, except as herein provided, and may be inspected and copied by any qualified elector of the county during ordinary business hours, at any time when they are not necessarily being used by the board, or its employees have duties to perform thereto.

These restrictions and conditions under the Election Code require that most records available under the Election Code shall only be open to public inspection by local registered voters and only in the presence of a member or authorized employee of the county election board and shall be subject to proper regulation for safekeeping of the records and documents, and subject to the further provisions of the Act.

You have the right to appeal any denial in writing to Office of Open Records, 333 Market Street, 16th Floor, Harrisburg, PA 17101-2234. Your appeal must be filed with the Office of Open Records within fifteen (15) business days of the date of this letter.

Sincerely,
Aggie Puleo
Paralegal
Solicitor’s Office

Public Record Request - November 3rd, 2020
Registered Voters

From: Lancaster Court Rule 509
< LancasterCourtRule509@co.lancaster.pa.us >
To: *news@news.locallabs.com* < news@news.locallabs.com >
Date: 03/10/2022 @ 12:50 p.m.

VIA EMAIL: news@news.locallabs.com (mailto:news@news.locallabs.com)

Dear Mr. [BLANK]

Thank you for your request to the Lancaster County Court of Common Pleas for information pursuant to Pennsylvania Right-to-Know Law and the Pennsylvania Rule of Judicial Administration 509 which was received via email on March 8, 2022.

Your email request a list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:

- Voter ID
- Voter name
- Registration status (i.e Active/Cancelled/Other)
- Registered address
- City
- Zip code
- County
- Precinct
- Voted in 2020 GE (Yes/No)

The Right to Know Law, as it pertains to the Judiciary (Section 304), addresses only the providing of financial records in accordance with the Act or any rule or order of court. The Supreme Court of Pennsylvania has promulgated Pennsylvania Rule of Judicial Administration 509 which governs requests for financial records of the Unified Judicial System. The records you have requested are not financial records. Therefore, pursuant to Pa.R.J.A. 509(c)(4), your request to the Lancaster County Court of Common Pleas has been denied because the information /records requested are not financial records and/or are not in possession of the courts as defined by Pa.R.J.A. 509(a).

You have a right to appeal this denial of information in writing within 15 business days from the mailing date of this written response to President Judge Ashworth at the address above pursuant to Pa.R.J.A. 509(c)(5).

Sincerely,

Mark M. Dalton
District Court Administrator

cc. David L. Ashworth, President Judge

LocalLabs
Good afternoon,

My name is Jennifer Miller, and I am the Voter Registration Office Supervisor in Bucks County. You recently requested voter registration information, and I am responding to that request.

The data you are requesting can also be requested at https://www.pavoterservices.pa.gov/pages/purchasepafullvoterexport.aspx. It is my understanding that the Department of State can provide data for all counties at once. I am only able to provide data for Bucks County.

Requests for voter information in Pennsylvania are subject to 25 Pa.C.S. § 1404.

Public information lists:

(a) Establishment.

(1) A commission shall provide for computer inquiries concerning individual registered electors. With respect to each registered elector who is the subject of an inquiry, the information provided shall contain the name, address, date of birth and voting history. Upon request, the commission shall supply a printed record for each such elector subject to the provisions of this part. In addition, the commission may make available for inspection a printed or computerized public information list containing the name, address, date of birth and voting history of each registered elector in the county.

(2) The list may also include information on voting districts.

(3) The list may not contain the digitized or electronic signature or SURE registration number of the registered elector.

(b) Access.

(1) The secretary may promulgate reasonable regulations governing access to the list.

(2) No individual inspecting the list may tamper with or alter it.

(3) No individual who inspects the list or who acquires names of registered electors from the list may use information contained in the list for purposes unrelated to elections, political activities or law enforcement. Before inspecting the list or obtaining names of registered electors or other information from the list, the individual must provide identification to the public official having custody of the public information list and must state in writing that any information obtained from the list will not be used for purposes unrelated to elections, political activities or law enforcement.

(c) Copies.

(1) The commission shall provide paper copies of the public information lists and may provide copies in some other form to any registered elector in this Commonwealth within ten days of receiving a written request accompanied by payment of the cost of reproduction and postage. The cost of the copies shall be determined by the office providing copies.

(2) An individual who inspects or acquires a copy of a public information list may not use any information contained in it for purposes unrelated to elections, political activities or law enforcement.
As referenced above, the requestor must be a registered voter in Pennsylvania. The requestor must also provide the following:

- Print and complete the attached form
- A copy of their PA Driver’s License or State ID
- Payment for the requested information (cash or check made out to Bucks County Treasurer only)

Items can be brought to the Board of Elections Office or mailed – the address is **Board of Elections, 55 East Court Street, Doylestown, PA 18901**.

The records you are requesting are **$20.00** for a digital disc of a Voter Export. If you will not be picking up the disc in person, there is also a **$3.50** charge to mail this disc. The export includes all currently registered voters and will not include voters who have been removed since the 2020 election. The export does show voting history for current voters, including years each voter participated in elections and the method in which they voted (at the polls, via mail in or absentee ballot, or by provisional ballot).

The data cannot be emailed or sent electronically. It is available in a disc format only.

Thank you,

**Jennifer L. Miller**

**Voter Registration Office Supervisor**

**Board of Elections & Voter Registration Office**

55 East Court Street

Doylestown, PA 18901

[Quoted text hidden]
REQUEST FOR VOTER LISTS FROM THE COUNTY OF Bucks

As provided by 25 Pa. C.S. Sections 1403(c) (relating to Street Lists) and 1404(b)(1) (relating to Public Information Lists), as well as the SURE Regulations at 4 Pa. Code Sections 183.13(c) (relating to Street Lists) and 184.14(b) (relating to Public Information Lists), the County of Bucks will now provide the following lists of public information to requestors:

A. Public Information List: This is a listing of all voters in the county and contains name, residential address, mailing address, date of birth, and date last voted.

B. Street List: This is a listing of all voters in the county and contains name, residential address, mailing address, party, and status (i.e., active or inactive).

C. Walking List: This is a listing of all voters in the county and is a version of the Street List, except that it does not contain mailing address.

D. Full Voter Export List: This version of the Public Information List is a full export of all voters in the county and contains the following fields: voter ID number, name, sex, date of birth, date registered, status (i.e., active or inactive), date status last changed, party, residential address, mailing address, polling place, date last voted, all districts in which the voter votes (i.e., congressional, legislative, school district, etc.), voter history, date the voter’s record was last changed, and phone number if the voter provided it on the application.

Effective July 12, 2006, the Full Voter Export is available for a charge of $20.00 for the County of Bucks. The other lists remain available for $20.00. The lists are only available in electronic form. Please make check or money order payable to: Bucks County Treasurer.

AFFIRMATION

I affirm that any information obtained from the records requested from the County of Bucks will not be used for commercial or other purposes, except purposes related to elections, political activities and law enforcement, as required by 25 Pa. C.S. §§ 1207(b) & 1404(c)(2). I further affirm that I will not publish any of the above lists on the Internet, as such publication is prohibited by 4 Pa. Code §§ 183.13 (g) & 183.14 (k).

I verify that this statement is true and correct. I understand that false statements made are subject to the penalties of 18 Pa. C.S. Section 4904, relating to unsworn falsification to authorities.

As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
To receive a voter list please complete our request for public information form and email it back to me along with a copy of a photo ID. The voter list will come in an excel file format and will be sent to you through the county's secure file transfer site.

The voter list will be of currently registered voters in Chester county, not a snapshot of the voter registration rolls as of the date of the 2020 general election.

Michael Carney
Elections Technology VMB Supervisor

Date of Request: 5/27/2022

Name of Requester: Tracey Wyatt

Address1: 301 Lafayette Ave

City: Swarthmore

State: PA

Zip: 19081

Telephone: (410) 382-3422

Email Address: tawyatt@aol.com

Records Requested: We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  Voter ID  
  Voter name  
  Registration status (i.e Active/Cancelled/Other)  
  Registered address  
  City  
  Zip code  
  County  
  Precinct  
  Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Do You Want Copies? Yes
Do You Want To Inspect The Records? No

Do You Want Certified Copies of Records? No

(Section Break)

For Internal Use Only

Re: Fw: Update - Public Record Request - November 3rd, 2020 Registered Voters

Your receipt number is: 16335

Dear [Redacted]

Thank you for your correspondence. This is an automatic email confirming that your correspondence has been entered into our case management system for processing and response.

Did you know that the City already releases a lot of information and open data online? You might be able to find the answer to your inquiry right now!

Here are some common types of requests we receive and where to find this information online right now:

- Search for a property's L&I related permits, licenses, violations, and appeals with the L&I property history tool (http://li.phila.gov/).
- Search for a property's Real Estate Tax Balance with the Revenue Department’s tax real estate lookup tool (http://www.phila.gov/revenue/RealEstateTax/).
Find all of the City of Philadelphia's open data sets, including City employee salary data, on Open Data Philly (https://www.opendataphilly.org/), the Philadelphia region's open data portal.

Search information about professional service contracts online at eContract Philly (https://secure.phila.gov/eContract/).

Search information about procurement contracts online with PHL Contracts (https://www.phlcontracts.phila.gov/bs0/).

Search City legislation and related hearings online with Legistar (https://phila.legistar.com/).

If you seek a police incident report, you can obtain the proper form from the Department of Records (http://www.phila.gov/records/PoliceFire/Reports.html). Please note that police incident reports cost $25.

If you seek audio, visual, or bodycam records from the Philadelphia Police Department, you will need to make a request following the instructions in 42 Pa.C.S.A. Sec. 67A03 at https://www.legis.state.pa.us/cfdocs/legis/LI/consCheck.cfm?txtType=HTM&ttl=42&div=0&chpt=67A (https://www.legis.state.pa.us/cfdocs/legis/LI/consCheck.cfm?txtType=HTM&ttl=42&div=0&chpt=67A). Such requests are not processed under the Right-to-Know Law.

- The form for requesting a copy of a traffic accident report (https://www.phila.gov/media/20210510162324/application_for_traffic_accident_report_82-23.pdf)
- The form for requesting a records check or letter of good conduct from the Philadelphia Police Department (https://www.phila.gov/media/20210510104719/police_records_check_request_form_75_343.pdf)

**The City of Philadelphia does not process Right-to-Know requests for the organizations listed below.** If you want to submit a request to one of these entities, please click the links below to be directed to their Open Records Policies:

- School District of Philadelphia (https://www.philasd.org/generalcounsel/programsservices/right-to-know-law/)
- City of Philadelphia District Attorney’s Office (http://www.phila.gov/districtattorney/aboutus/Pages/RightToKnow.aspx)
- Philadelphia Redevelopment Authority (https://www.philadelphiaredevelopmentauthority.org/right-know)

If one of these sources has solved your inquiry, please let us know! Otherwise, thank you for your patience, and we will be in touch soon.

Sincerely,

The City of Philadelphia

**Please Note:** To help make sure that future emails from us don't end up in your spam or junk folder, please add this email address to your safe sender list.
To whom it may concern,

This is a follow up email in regards to our initial request for information from 03/08/2022. Please confirm receipt of this email if possible.

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.
We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Re: OCC: 2020 General Election voter list and related information

From
City of Philadelphia Right to Know <righttoknow@phila.gov>

To
news@news.locallabs.com

Date
03/16/2022 @ 7:44 a.m.

Thank you for writing to the City of Philadelphia (City) with your request for information. This correspondence serves as an acknowledgement and receipt of your request as well as notice of the City’s Open Records Policy pursuant to the Right-to-Know Law.

Written requests for records to state and local agencies in Pennsylvania are generally governed by the Commonwealth’s Right-to-Know Law (RTKL), 65 P.S. §§ 67.101-67.3104. In accordance with the RTKL, the City has promulgated an
Open Records Policy, which requires the standard statewide Right-to-Know Form be used for the submission of written requests pursuant to the RTKL. See 65 P.S. § 67.504(a); Dekok v. Lancaster County, AP 2010-1197, 2011 PA O.O.R.D. LEXIS 25 at *5 and n.1 (Pa. O.O.R. Jan. 17, 2011) (holding that in accordance with the RTKL, an agency may adopt a policy requiring the use of the standard statewide form established by the Office of Open Records in order to file a RTK Request); accord Pa. Gaming Control Bd. v. Office of Open Records, 48 A.3d 503 (Pa. Cmmw. 2012). As your request was not submitted on or with the standard statewide form, the City does not consider your request to be a Right-to-Know Request pursuant to the RTKL and will process it as an informal request.

You do not have to resubmit your request for the City to respond unless you are specifically informed otherwise. The City reserves the right to require a formal RTK Request be submitted pursuant to the RTKL before releasing records. The City is continuing to process the request you have submitted as an informal request outside the RTKL and will be in touch with you further to respond to your request.

However, if you would like to file a RTK Request, please submit your request on or with the standard statewide Right-to-Know Form and address your request to the appropriate open records officer in accordance with the City’s Open Records Policy. Please include this notice with your RTK Request. Please note that if you resubmit your request as a written request pursuant to the RTKL, the City will deem your informal request to have been withdrawn.

The City’s Open Records Policy can be found here: http://www.phila.gov/privacy/pdfs/FinalCityOpenRecords.pdf

The statewide form appears at the end of the City’s Open Records Policy. If you require a hard copy of the form and/or policy, please let me know and one will be provided.

The City reserves the right to assert any and all grounds of denial in its final response to your request.

Respectfully,

Jill I. Freeman

Deputy City Solicitor

Tracking #: 16018
Request Summary: OCC: 2020 General Election voter list and related information
Original Request:
received 3/9/2022
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address

  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.
You may reply to us with the documents or with any questions at foia2@locallabs.com (mailto:foia2@locallabs.com). We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Dear [Redacted]

I am writing in response to your Freedom of Information Request received on 3/8/2022, for the following:

"We request that you provide us the following records:
- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)"
It is impossible from your submission to determine if you are a legal resident of Virginia. On March 9, 2022, I asked for your current legal mailing address and I have not heard back from you. Pursuant to Virginia Code § 2.2-3704(A), only citizens of the Commonwealth and representatives of newspapers and magazines with circulation in the Commonwealth are entitled to assert the rights and privileges conferred by the Virginia Freedom of Information Act. Accordingly, your request is denied.

In the event you are a Virginia resident, please resubmit your request and include your legal Virginia address. If you have any questions or need additional information, please feel free to contact my office at (757) 385-4052.

Sincerely,

Melena Johnson
Freedom of Information Specialist

Good Afternoon,

We are in receipt of your FOIA Request.

Please note, the Virginia Freedom of Information Act provides citizens of the Commonwealth of Virginia access to public records in the possession of a public body. Pursuant to the Virginia Freedom of Information Act 3700(B) and 3704(A), prior to producing records to the public we must ensure that the requestor is a citizen of the Commonwealth of Virginia. Please confirm that you are a Virginia citizen by providing your local, physical address and current contact information so that we may move forward with processing your FOIA request.

In McBurney v. Young, the U.S. Supreme Court ruled that Virginia FOIA's limitation on out-of-state requests (i.e., requests from out of state do not have to be honored) is constitutional. Therefore, if you are not a Virginia citizen, FOIA does not apply to your request.

Once we receive confirmation, we will determine whether, (1) responsive records exist, (2) any charges apply, and (3) whether any records are exempt. We appreciate your time and consideration.

Thank You,

Erica

Thank you for your request and for your patience. A list of persons voting in elections is not available under the National Voter Registration Act (NVRA) 52 U.S.C. § 20501, et. seq.
A list of persons voting in elections is governed by § 24.2-406 of the Code of Virginia, in which certain enumerated entities are authorized to purchase a List of Those Who Voted from the Department of Elections. The list can only be released to entities authorized to receive information contained in our voter registration system under §24.2-406 and §24.2-407, and you can find more information regarding eligibility on our website here: https://www.elections.virginia.gov/candidatepac-info/client-services/. The list will not include any voters that have been removed and/or canceled since your election of interest.

If you would like to purchase a list pursuant to § 24.2-406, which is exempt from the Virginia Freedom of Information Act, you may submit your request and show documentation regarding your eligibility by contacting Ann Walker at andrea.walker@elections.virginia.gov. She will be able to provide more information should you wish to proceed.

We hope you find this information helpful.

Thank you,

Hello Mr. [Name]

In order to proceed with your request we will need you to do the following, since we will need additional information from you in order to process your request:

We do not provide records to Non-Virginia Residents. If you are able to provide proof of residency (In State Mailing Address), then I ask that you submit a request by doing the following:

To get started, click on this link (GovQA [http://bit.ly/GovQApublic]), then click on “Submit FOIA Request.” Click either “Public Safety FOIA Request” (for crime, fire and motor vehicle crash records), OR “City Government FOIA Request,” for records related to the City Council, building and zoning codes, and other issues.
Then, you will be prompted to log in to the system. If you are a first-time user, click “Create Account” and follow the instructions. If you have already set up your GovQA [http://bit.ly/GovQApublic] account, simply log in with the email and password you have been using to access the site.
After logging in, please fill out the request form as completely as possible, providing as much specific information as possible.

In the “describe the records requested” box, please be accurate and thorough. In this box, you should provide the same names, dates, times and other information you provided in the individual fields. The individual fields for “date” and “time” allow us to search for and quickly retrieve your request if you contact us with a question. The information provided in the “describe the records requested” box is shared with the city department(s) and staff member(s) who search for your records, so please be as specific as possible.

Please do not upload attachments to your request and then say “see attached” in the description box. Some attachments are not searchable. We can only track your request if you fill out the individual fields in the form.

Providing us with thorough and specific information will help ensure that we can respond accurately to your request. You will receive all communications about your request, including notifications when your records are available, via email sent through GovQA, so please add “GovQA” AND the email address no-reply@mycusthelp.com (mailto:no-reply@mycusthelp.com) to your spam filter’s “safe senders” list or “white list.”

Remember to bookmark GovQA [http://bit.ly/GovQApublic] so that you can make FOIA requests quickly. Save your username and password to allow you access to the records once they are ready.

Subject: Public Record Request - November 3rd, 2020 Registered Voters
To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email to an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
To whom it may concern,

Good afternoon Mr.

I apologize for the late response. I read your email but I totally forgot to respond to it.

The information you seek regarding who voted in the November 2020 election can only be provided by the Department of Elections. Please note that pursuant to state law, the Department of Elections can only provide this information to qualified persons or entities. There is also a cost associated with this request.

The contact person at ELECT is Andrea Walker. She can be reached at (804) 864-8905

You can read the Department’s policy concerning this type of request here: https://www.elections.virginia.gov/candidatepac-info/client-services/

On March 9, 2022, you requested public records to include “A list of all voters who voted in the November 3rd, 2020, General Election, to include voter ID, voter name, registration status, registered address, city, zip code, county, precinct voted in 2020 GE (Yes/No)”, be made available to you under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

You seek records contained in the Department of Elections (ELECT) Virginia Elections and Registration Information System (VERIS). VERIS is operated and maintained by ELECT pursuant to Va. Code § 24.2-404. List of voters participating in elections are available only from the Virginia Department of Elections. The Code of Virginia § 24.2-406(A) delineates who may request and receive this material. Consequently, because the materials that you seek may only be provided by the State Board, this Office does not have statutory authority to release such information directly to you.

Please send your request to: Virginia Department of Elections, 1100 Bank Street, Richmond, VA 23219

Thank you for your interest in Fairfax County.

From: HenricoWay <henricoway@henrico.us>
To: <news@news.locallabs.com>
Date: 03/15/2022 @ 11:27 a.m.
Mr. [Name]

The General Registrar does not have the records you request. The Virginia Freedom of Information Act provides that the election laws in Title 24.2 of the Code of Virginia control the release of voting records where those laws conflict with the Act. Virginia Code Sec. 2.2-3703(B). This has particular importance for your request. The release of the voter list for the 2020 general election you request is controlled by Code of Virginia Sec. 24.2-406 and not by the Act. Under that law, the list comes from the Virginia Department of Elections and is only available to certain groups of people. Therefore, Henrico’s General Registrar is unable to provide you the voter list in response to your request.

Pursuant to Code of Virginia Sec. 24.2-444 the General Registrar maintains a list of registered voters that is open to public inspection at the office of the General Registrar when the office is open for business. The list includes only the name, address, year of birth, gender, and the election districts applicable to each registered voter.

Likewise, instead of the general requirements for the release of records under the Act, Code of Virginia Sec. 24.2-671 provides that certain election results are available for public inspection in the office of the General Registrar during no business hours. In addition, the inspection of ballots is regulated by Code of Virginia Sec. 24.2-669 and not the Act.

A lot of information about election results is available online at https://henrico.us/registrar/election-results/election-results-2020/ (https://henrico.us/registrar/election-results/election-results-2020/). You may wish to review that information, haven’t already.

Sincerely,

Steve Knockemus

Mr. 

Your request (below) has been forwarded to me. Your request is denied as Dane County does not have records that are responsive.

In the spirit of open government, I will make two suggestions. First, you could contact the various Municipal Clerks to see if they have the documents you are requesting. Here is a link to a directory:

As an alternative, you could review the Wisconsin Elections Commissions website, as it is specifically designed to help with requests like yours:

https://badgervoters.wi.gov/

Pursuant to Wis. Stats. §19.35(4)(b), I am required to inform you that if you disagree with any determinations contained in this email, you may seek review by mandamus under Wis. Stats. §19.37(1), or by application to the attorney general or a district attorney.

  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs
Public Record Request - November 3rd, 2020 Registered Voters

To Whom it May Concern:

Thank you for contacting the Milwaukee County Election Commission. We are in receipt of your open records request dated March 8, 2022 for “A list of all voters who voted in the November 3rd, 2020 General Election.”

We would advise that this information can be found on the Badger Voter website https://badgervoters.wi.gov/. Once in the system, you may select your requested information and will be given a cost estimate. You may contact them directly at 608 266-8005 to make any special request. We are not at liberty to give out this information at no cost.

To the extent you consider anything in this communication to be a denial of your request, be advised the above determinations are subject to review by mandamus action under Wis. Stat. § 19.37(1), or upon application to the Wisconsin Attorney General. See Wis. Stat. § 19.35(4)(b).

Sincerely,

Julietta Henry | Elections
Director
Milwaukee County Elections
901 N. 9th Street – Room G10, Milwaukee, WI 53233

Hello,

Thank you very much for your response. Can you provide some insight into this question, raised in the initial request as well:

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had
their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Thank you!

[Quoted text hidden]
Hello,

I will be out of the office at a conference March 7-9 and returning Thursday, March 10th with limited access to email. For immediate assistance, please call 920-832-5077.

Thank you.

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

LocalLabs
Hello,

This email is to acknowledge the public records request for the following items:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  • Voter ID
  • Voter name
  • Registration status (i.e Active/Cancelled/Other)
  • Registered address
  • City
  • Zip code
  • County
  • Precinct
  • Voted in 2020 GE (Yes/No)

Please note, the records requested are not maintained in the County Clerk’s office. The requested records may be obtained from the State of Wisconsin Badger Voters website at the following link:
https://badgervoters.wi.gov/

Sincerely,

Jeff King
County Clerk
Outagamie County
320 S. Walnut Street
Appleton, WI 54911

Subject: RE: Update - Public Record Request - November 3rd, 2020 Registered Voters

Good afternoon.

Thank you for contacting our office.

Please be advised that I am not the custodian of any records responsive to your request. However, records responsive to your questions may be available to you by request to a specific Municipal Clerk or elsewhere in the public domain, such as from the Wisconsin Elections Commission.

Sincerely,
To whom it may concern,

This is a follow up email in regards to our initial request for information from 03/08/2022. Please confirm receipt of this email if possible.
We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  
  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we've received from other counties' data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

Dear Mr. [redacted]

In response to your March 8 open records request, please be advised that my office's only source of the information you are requesting is the hard copies of the poll lists from the November 3, 2020 election. For the 22 municipalities in Winnebago County, I estimate that there are between 25,000 and 30,000 pages of poll books that I would either have to copy or scan to get you the information you are requesting.

You can also obtain this information from the State of Wisconsin's "Badger Voters" website. Here is a link to that website where you can get additional information: https://badgervoters.wi.gov/ (https://badgervoters.wi.gov/)

I will wait to hear back from you before I begin the scanning/copying process of our poll books.

If you believe that this office has refused or delayed providing you with any information requested in violation of State law, you may bring an action for mandamus pursuant to Sec. 19.315 (1), Stats., or you may request the Attorney General or the Winnebago County District attorney do so on your behalf.

Sincerely,
Susan T. Ertmer
Winnebago County Clerk

Hi Brian,

The data you have requested are available to the public via the North Carolina State Board of Elections website, www.ncsbe.gov. Specifically, please see the following two data sources. These two files are joinable matching on ncid.

- Statewide voter history file, located at https://www.ncsbe.gov/results-data/voter-history-data (filter the election_lbl column for 11/03/2020)
- Statewide voter registration file, located at https://www.ncsbe.gov/results-data/voter-registration-data

The Statewide voter registration file, located at https://www.ncsbe.gov/results-data/voter-registration-data, contains records of individuals registered and formerly registered to vote in North Carolina. Formerly registered ('Removed') voters are omitted from the file only if their most recent last-voted date is greater than 10 years. See voter_status_desc column for registration statuses. So as long as you do not filter the voter_status_desc column before joining with the Voter History file (filtered for 11/3/2020 general), your resulting dataset should include currently registered and formerly registered (i.e. removed) voters who voted in the 11/3/2022 general election.

Please let us know if you have any additional questions. Otherwise we will close this ticket.

Thank you.

To    "news@news.locallabs.com" <news@news.locallabs.com>
Date  03/18/2022 @ 1:02 p.m.
Dear Mr. [Redacted]

In response to your March 8 open records request, please be advised that my office's only source of the information you are requesting is the hard copies of the poll lists from the November 3, 2020 election. For the 22 municipalities in Winnebago County, I estimate that there are between 25,000 and 30,000 pages of poll books that I would either have to copy or scan to get you the information you are requesting.

You can also obtain this information from the State of Wisconsin's "Badger Voters" website. Here is a link to that website where you can get additional information: https://badgervoters.wi.gov/

I will wait to hear back from you before I begin the scanning/copying process of our poll books.

If you believe that this office has refused or delayed providing you with any information requested in violation of State law, you may bring an action for mandamus pursuant to Sec. 19.315, Stats., or you may request the Attorney General or the Winnebago County District attorney do so on your behalf.

Sincerely,
Susan T. Ertmer
Winnebago County Clerk

Susan T. Ertmer
Winnebago County Clerk
112 Otter Avenue
Oshkosh, WI 54901
920-232-3432

Subject: Public Record Request - November 3rd, 2020 Registered Voters

To whom it may concern,

We request that you provide us the following records:

- A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:
  - Voter ID
  - Voter name
  - Registration status (i.e. Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

https://pipeline
We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq.

Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

  - Voter ID
  - Voter name
  - Registration status (i.e Active/Cancelled/Other)
  - Registered address
  - City
  - Zip code
  - County
  - Precinct
  - Voted in 2020 GE (Yes/No)

Based on replies we’ve received from other counties’ data changes since the election, we just wanted to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some or all counties lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hello,

You can create and obtain the data through self-service. Most information can be generated self-serve without incurring a custom fee or a wait time. However, if you would like data based on historical boundaries and districts, please submit a custom data request - https://badgervoters.wi.gov/
Please, let me know how you would like to proceed. If you need further assistance or clarification, feel free to reply to this email or call (608) 266-3061.

Please see the instructions below:

**How to Create/Submit a Request through Self-Service**

1. Go to Badger Voters [https://badgervoters.wi.gov/](https://badgervoters.wi.gov/)
2. Click the “Get Started” button
   On the **Voter Data** page
3. Voter Status: choose one: All, Active, or Inactive
4. **Election Name:** Entering a (will only bring a result of voters whose participation has been recorded in their voter record as of date data is pulled) Leave this blank if you want a list of all current eligible voters.
5. County: enter your criteria if you wish to narrow down to a particular location – this will also open options to enter municipalities, aldermanic districts, and wards to further drill down.
6. Click the “Get Estimate” button
7. Click the “Create Data Request” button when you have the criteria populated you wish to purchase
8. Next you will have the option to review your request and pay if you wish to purchase.
9. **After payment has been made, please log out of your Badger Voters account and log back in to refresh the queue to access your data link for your purchase.**

Badger Voters provides **self-service** to voter data which is downloadable in CSV format which can be opened with Microsoft Excel or a similar application.

**How to submit a Custom Data Request**

1. Create a Badger Voters account- [https://badgervoters.wi.gov/](https://badgervoters.wi.gov/)
2. Homepage: Click on the Get Started button
3. Click on the Custom Data Tab
4. Enter a description of the data you would like to receive, including the election(s) and the Voter status: Inactive, Active, or all

Again, if you need further assistance or clarification feel free to reply to this email or call (608) 266-3061.

**Please follow the link to view the data request elements:** [Click Here](#)

Kind Regards,

Lizbet Gutierrez

Thank you for your response and for the instructions to submit a custom data request. In regards to our request, this would be a custom data request. Before submitting the request, I would like to know if I were to request a list of all voters who voted in the 2020 General Election, would the results be an exact list of voters, or an updated list based on voters who may have moved, passed away or had their data changed for any other reason?

Please let us know if we would be able to obtain this data and I will submit the request.

Thank you again.

To: FOIA2 Locallabs <foia2@locallabs.com>
Cc: ELECTIONS HelpDesk <elections@wisconsin.gov>, "Brennan, Patrick T - ELECTIONS" <PatrickT.Brennan@wisconsin.gov>

Good morning,

The criteria in the original email can be obtained through a self-service request. The list will include all voters with a recorded participation in the 2020 General Election and their current status/registration. This means that if the voter re-registered since November 2020, the file will note the updated information or the final registration information on any records deactivated since that time. As a standard request, the number of records would reach the maximum charge of $12,500.00 (roughly 3.2mm records).

If you want a listing of voter participation as the records appeared associated with the poll books, that would be a custom request. Pulling information using the poll book details would include the same fields, but the voter’s status (active/inactive) would only be able to refer to the record that was associated with the poll book. If a voter registered elsewhere and that record was merged, or if the voter registered elsewhere after being deactivated and the inactive record wasn’t updated directly, the voter’s current information would not be included.
Please let me know if you have any further questions,

Regards,

Lizbet

Cc: ELECTIONS HelpDesk <elections@wisconsin.gov>, "Brennan, Patrick T - ELECTIONS" <PatrickT.Brennan@wisconsin.gov>

Good afternoon Lizbet,
Thank you for your clarification. It is my understanding that if I were to submit this custom data request, the records that would be produced would match the poll book records from Nov 3rd 2020. Can you confirm that a voter's precinct and county would be the ones they voted in at the time of the election?

Also, can you provide me with a price estimate for this request?

Once again I appreciate your help in this matter.
Thanks!

---

**Gutierrez, Guadalupe - ELECTIONS (Lizbet)** <guadalupe.gutierrez@wisconsin.gov>  Tue, Apr 19, 2022 at 4:43 PM

Cc: ELECTIONS HelpDesk <elections@wisconsin.gov>, "Brennan, Patrick T - ELECTIONS" <PatrickT.Brennan@wisconsin.gov>

Hello,

Yes, that is correct. Again, depending on what you want, you can either submit a custom data request or obtain the data through self-service. When submitting a custom data request, you can include what you would like to receive. Please feel free to submit your proposed request to see if we can fulfill it.

**Custom Data Request:**

If you want a listing of voter participation as the records appeared associated with the poll books, that would be a custom request. Pulling information using the poll book details would the same fields, but the voter’s status (active/inactive) would only be able to refer to the record that was associated with the poll book

**Badger Voters Self-Service Request**
If you obtain the data through self-service, you will receive the voter(s) record including the voter's name, address, and any contact information they provided with their registration; as well as the electoral districts that voter is in, what elections they voted in, and whether they voted at the polls or absentee back to 2006.

If you have any further questions, please feel free to reply to this email.

Regards,

Lizbet Gutierrez

Mr. -

Your request (below) has been forwarded to me. Your request is denied as Dane County does not have records that are responsive.

In the spirit of open government, I will make two suggestions. First, you could contact the various Municipal Clerks to see if they have the documents you are requesting. Here is a link to a directory:

As an alternative, you could review the Wisconsin Elections Commissions website, as it is specifically designed to help with requests like yours:

https://badgervoters.wi.gov/

Pursuant to Wis. Stats. §19.35(4)(b), I am required to inform you that if you disagree with any determinations contained in this email, you may seek review by mandamus under Wis. Stats. §19.37(1), or by application to the attorney general or a district attorney.

Dan Lowndes, Risk Manager
& Records Control Officer
Dane County Department of Administration

Notice: Waukesha County is subject to Wisconsin’s Public records law.
Dear [Name],

The Secretary of State’s Office has received your Right-to-Know Law request, dated April 18, 2022, for:

“A list of all voters who voted in the November 3rd, 2020 General Election. Please include the following fields:

- Voter ID
- Voter name
- Registration status (i.e., Active/Canceled/Other)
- Registered address
- City
- Zip code
- County
- Precinct
- Voted in 2020 GE (Yes/No)

We would also like to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some systems lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.”

Your cite the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq as the authority underlying the request. That law in pertinent part provides:

The National Voter Registration Act of 1993 does not apply to New Hampshire.

Therefore, we are treating your request as being made under the New Hampshire Right-to-Know law, RSA Chapter 91-A.

We are prohibited by New Hampshire law from providing you with the information you request in the form requested.
I. (a) The secretary of state is authorized to plan, develop, equip, establish, site, and maintain a statewide centralized voter registration database and communications system, hereinafter referred to as the voter database, connecting users throughout the state. The voter database shall include the current information on the voter registration forms, the accepted absentee ballot applications, the voter checklists, and voter actions as recorded on both the statewide voter registration database and communications system. The database shall maintain addresses in accordance with United States Postal Service standardized addresses as described in the current USPS Publication 28.

(b) The secretary of state shall provide for a verification process that voters sharing a place and date of birth, along with a substantially similar name to include nicknames or likely maiden/married name changes, are unique voters. Should any voter appear to be a duplicate, that information shall be forwarded to the supervisors of the checklist of the cities or towns involved for review and confirmation. The supervisor of the checklist shall notify the secretary of state of the result of such review, and should the records show that a single individual may have voted more than once in any election such information shall be forwarded to the attorney general for further investigation or prosecution.

II. Any election official in the state authorized by this chapter to have direct access to the voter database may obtain immediate electronic access to the information contained in the voter database related to individuals registered or registering to vote in the election official’s jurisdiction. The office of the clerk is hereby designated as a database access point for each town or city. The secretary of state may authorize additional database access points in a town or city, including election day access points at polling places.

III. The voter database shall, upon certification by the secretary of state, be the official record of eligible voters for the conduct of all elections held in this state.

IV. (a) The voter database shall have the following minimum components:

1. An electronic communications system that provides access for election officials from at least one point in each city and town within the state.

2. An interactive computer program allowing local election officials access to records contained in the database with a process to add, delete, modify, or print a voter registration record related to the election official’s jurisdiction. The system shall be designed so that there can be regular updates to the database, the records reflect the name of each registered voter with no duplication, and the names of ineligible voters are removed. The system shall contain safeguards to ensure that the names of properly registered voters are not removed in error.

(b) Voter database record data shall be verified by matching the records with those of the department of safety and the federal social security administration as are required by law, and with the records of the state agency or division charged with maintaining vital records. For this purpose the voter registration record database may be linked to the state agency or division charged with maintaining vital records and the department of safety, provided that no linked agency or division may save or retain voter information or use it for purposes other than verifying the accuracy of the voter information maintained in the voter database. The link authorized by this subparagraph shall not allow the department of state or election officials direct access to the motor vehicle registration or driver’s license records maintained by the division of motor vehicles. The commissioner of safety may authorize the release of information from motor vehicle registration and driver’s license records to the extent that the information is necessary to department of state and department of safety cooperation in a joint notification to individuals of apparent discrepancies in their records and to the extent that the information is necessary to resolve those discrepancies. The commissioner of safety and the secretary of state are authorized to enter into an agreement that establishes the services to be provided by the department of safety and the cost for those services. The department of safety shall not be required to provide any services under this subparagraph unless an agreement is in place and there are sufficient funds in the election fund to pay the cost for the services. The system shall facilitate the identification and correction of voter registration records whenever a registered voter has died or has been disenfranchised pursuant to part I, article 11 of the New Hampshire constitution or RSA 654:5 through RSA 654:6, or when the domicile address does not match the address provided by the same individual to the department of safety.

(c) Access by local election officials to the voter database shall be limited to the supervisors of the checklist, city registrars and deputy registrars, and town or city clerks and their deputies, as determined by the secretary of state. Access by local election officials shall be subject to the limitations of paragraph VI, and shall be limited to the records of individuals who are currently registered to vote in the official’s jurisdiction and individuals who are applying to register to vote in the official’s jurisdiction.

(d) Beginning July 1, 2022, the secretary of state shall, no less than annually, cause voter records to be checked with the United States Postal Service for changes of address. All records identified as moving shall be provided to the city or town supervisors of the checklist for verification pursuant to RSA 654:39, III.

V. The secretary of state shall:

(a) Specify the employees of the department of state authorized to access records contained in the voter database, subject to the limitations of paragraph VI.

(b) Provide adequate technological security measures to deter unauthorized access to the records contained in the voter database.

(c) Issue guidelines to implement the voter database.

VI. The voter database shall be private and confidential and shall not be subject to RSA 91-A and RSA 654:31, nor shall it or any of the information contained therein be disclosed pursuant to a subpoena or civil litigation discovery request. The secretary of state is authorized to provide voter database record data to the administrative office of the courts to assist in the preparation of master jury lists pursuant to RSA 500-A and to the clerk of the district court for the district of New Hampshire to assist in the preparation of federal court jury lists. The voter checklist for a town or city shall be available pursuant to RSA 654:31. Any person who discloses information from the voter database in any manner not authorized by this section shall be guilty of a misdemeanor.

VII. The city and town clerk shall enter, maintain, and keep up to date election official contact information and polling place information as determined by the secretary of state in the state’s voter registration database for use by the secretary of state in effecting election laws.

VIII. (a) The secretary of state may enter into an agreement to share voter information or data from the statewide centralized voter registration database for the purpose of comparing duplicate voter information with other states or groups of states. The secretary of state shall only provide information that is necessary for matching duplicate voter information with other states and shall take precautions to make sure that information in the database is secure in a manner consistent with RSA 654:45, VI. The secretary of state may solicit input from the department of safety and the department of information technology and shall ensure that any information or data shared between the agencies that is of a confidential nature remains confidential.

(b) The secretary of state shall investigate any duplicate matches of voters resulting from any comparisons of the statewide centralized voter registration database with other states. If the investigation results in the inability to confirm the eligibility of a person or persons who voted, or there is reason to believe a person or persons voted who were not eligible, the secretary of state shall forward the results to the attorney general for further investigation or prosecution.

(c) Upon completion of any investigation authorized under RSA 654:45, VIII(b), the attorney general and the secretary of state shall forward a report summarizing the results of the investigation to the speaker of the house of representatives, the president of the senate, and the chairpersons of the appropriate house and senate standing committees jurisdiction over election law.

(Emphasis added). New Hampshire law restricts the Secretary of State's authority to provide electronic records of registered voters which include the voter’s history of voting in each state election for the preceding 2 years. Such electronic records can only be provided to “a political party, as defined in RSA 664:2, VI, or to a political committee, as defined in RSA 664:2, III” and "a candidate for county, state, or federal office" limited to "every registered voter in the state or in the candidate’s district." RSA 654:31, IV.

Anyone can obtain an electronic copy of the current checklist, which does not include voter history, from the clerk of any town for that town or city.
We would also like to confirm if this data represents an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.
We understand some systems lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

This request is being made by Local Labs LLC under the National Voter Registration Act of 1993, 52 U.S.C. § 20501, et. seq. Please provide the records in electronic format, either in the original file format, or as a CSV, Excel, TXT or PDF file, by email or an online file hosting service (such as Dropbox). As a media organization requesting these records primarily for the benefit of the general public, we request that any fees be waived.

You may reply to us with the documents or with any questions at foia2@locallabs.com. We appreciate your prompt assistance in providing these records.

Sincerely,

LocalLabs

Hello,

In order to receive voter data, you are required to fill out a voter list request form: voterlistrequest.pdf (iowa.gov)

You will want to note that you want a voter list, containing your requested fields, of individuals in any status who have vote credit for the 2020 General Election.

Additionally, there will be a fee associated with your request.

Sincerely,

Molly M. Widen

Legal Counsel

Office of the Iowa Secretary of State

Office: (515) 281-5864

Mobile: (515) 210-4634

FW: [EXTERNAL] Public Record Request - November 3rd, 2020 Registered Voters

Good morning,
You may request and pay the fee for the Master Voter History List (EX-002) for November of 2020 (https://www.sos.state.co.us/pubs/elections/forms/dataRequests.pdf). You will receive everything on your list except for cancelled electors – that data is not provided on any public list. The EX-002 report is only updated after every statewide election – it is a snapshot of a particular election. You can purchase the report for additional years if you want to see more voter histories.

If you are requesting the data as an accredited representative of a media organization you can receive the report (on DVD only) for $25, which is half of the usual $50 fee.

The following is from the Public Voter Data and Information Requests FAQs posted on our website.
Q11: If I am a member of the media can I obtain voter information at a reduced cost?
A11: Accredited representatives of media and academic institutions can receive data requests at a reduced cost from the Secretary of State. Please contact our Public Information Officer for specific details or requests.

Sincerely,

The Colorado Secretary of State's Office
303.894.2200

Full Voter Export Question

4 messages

FOIA2 Local Labs <foia2@locallabs.com>  Tue, Apr 5, 2022 at 6:46 PM
To: ST-VoterReg@pa.gov

Hello, I have a brief question in regards to the PA Full Voter Export site. I would like to request a list of all voters who voted in the November 3rd General Election.

I'd like to confirm whether this data would represent an exact list of voters who voted in the 2020 General Election or an updated list based on voters who may have moved, passed away or had their data changed for any other reason.

We understand some systems lack the ability to reference historical data and may only have access to a current list of registered voters with voting history that shows 2020 GE, and would appreciate it if you could specify the type of data you can provide.

Thank you,

Local Labs

ST, VOTERREG <ra-voterreg@pa.gov>  Wed, Apr 6, 2022 at 2:16 PM
To: FOIA2 Local Labs <foia2@locallabs.com>

The data sets would be specific to the point in time for each election/year selected for view.

Thank you.

To: "ST, VOTERREG" <ra-voterreg@pa.gov>

Thank you for your response! I'd like to continue with the purchase via the portal, if you could confirm that this would be an exact list of voters who voted in the Nov 3rd 2020 election that would be great!

Thanks.
